City of Owensboro Sponsorship of Special Events

In February of 2002, the City of Owensboro created the Special Events Committee to oversee special events in Owensboro.

The City of Owensboro realizes the impact that special events have on a community. Special events support charitable organizations in the region, provide entertainment, and add to the quality of life in our community. The Special Events Committee wants special event organizers to have a great experience in working with the city to manage the special event permit process by providing a simple permit process and professional support of the special event.

To support special events in Owensboro, the Special Events Committee has a program of City Sponsorship which provides financial support through a discount on city services for non-profit organizations.

Guidelines

- The applicant must provide an up-to-date copy of their 501c3 status with the Special Event Application
- The event must occur on city-owned property and must comply with all policies and procedures set forth of the Special Event Committee
- The event is open to the public and equally accessible to all visitors and citizens of Owensboro.
- The event and event applicant is in good standing with the City (both financially and by following policy and procedures with previous events)
- City of Owensboro and OMU logos must be prominently displayed on event promotional materials.

Benefit

- Events that meet the above guidelines are eligible for a discount of 60% of the City and OMU services provided. The 60% discount does not apply to facility or equipment rentals including, but not limited to, Sportscenter, Edge Ice Center, Showmobile, and staging. (The discount does not apply to the Sanitation Dept. and agencies that provide non-city services such as Yellow Ambulance or to security services through OPD that do not involve traffic management on City right-of-way).

Requirements

- Event must pay the event charges (40% of total charges for city services for the event, not including rental items which are charged at 100% of equipment rental rates) within 30 days of invoice.
Special Event Permits

A Special Event Permit is the official document authorizing the event organizer(s) to operate their event on city property. To obtain a Special Event Permit, applicants must submit a completed Special Event Application to the Director Public Events a minimum of 90 days prior to the first day of the event. Submission and acceptance of the application is not to be construed as an approval of the request for a permit. If any information provided in the application is false or if the application does not comply with the timeframes, deadlines, and requirements, the permit may be denied.

Any Special Event Application received 30 days – 90 days prior to the first day of the event will incur a late processing fee of $50.00.
Any Special Event Application received less than 30 days prior to the first day of the event will incur an urgent processing fee of $100.00.

The City of Owensboro Special Events Committee meets regularly to review Special Event Applications. Each application is assessed by the requested date, location, timeframe, nature of the event, and impact on the surrounding area to determine if the application will be recommended for approval for permitting and the amount of support the City of Owensboro can provide or will require. Applications will not be considered complete until all required supporting documents have been submitted to the Director Public Events. Applications will not be assessed by the Special Events Committee until they are complete.

Please Note: No more than three special event permits will be granted for any one event organizer in a calendar year.

Applicants may be required to attend a Special Events Committee meeting to provide further details about their event and answer questions on specific event details. Special Events Committee meetings take place the first week of each month. If you are required to attend, the location, date, and time for the meeting will be provided to you by a representative of the Committee.

Upon completion of the assessment by the Special Events Committee, a recommendation will be made to the City Manager to approve or deny the Special Event Application.
Non-Profit/Charitable Organizations

An organization and/or corporation actively registered through the Commonwealth of Kentucky as a non-profit corporation is entitled to a discount on the city services provided to support the organizations event. A copy of the IRS non-profit letter of determination must be submitted along with the Special Event Application to be eligible for the discount. The applicant’s name and address must match the name and address on the IRS non-profit letter of determination.

OPD will assess how much support they can provide through on-duty officers based on the information in each application. If OPD officers are required, the applicant must contact OPD directly regarding the agreement for officers through secondary employment. All costs associated with the officers for the temporary sale of alcohol will be billed directly to the applicant at 100% of the secondary employment costs (no discount for City Sponsorship will be given for non-profit/charitable organizations for secondary employment officers for temporary alcohol sales locations).

For all events that have live or amplified music of any kind adjacent to residentially zoned property, the event organizer must complete the Noise Variance Application. If the Noise Variance Application requests amplified music prior to 7:00 am or between 8:00 pm – 11:00 PM at a residential location, the event organizer also must submit a petition with signatures from the affected residential property owners. The Director Public Events will consult with OPD and will provide applicants with the list of affected property owners for each application that will be required on the petition. Noise Variance Applications can be downloaded from the Special Events page under Departments on www.owensboro.org.
