City Manager
BILL PARRISH

December 6, 2016

Honorable Mayor and City Commissioners, and Citizens of Owensboro:

We present to you the Comprehensive Annual Financial Report of the City of Owensboro, Kentucky (City) for the fiscal year ended June 30, 2016. Kentucky Revised Statute 91A.040 requires that the City of Owensboro publish, before February 1 immediately following the fiscal year, a complete set of audited financial statements. This report is published to fulfill that requirement.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

Myriad CPA Group, LLC, has issued an unqualified ("clean") opinion on the City of Owensboro's financial statements for the year ended June 30, 2016. The independent auditors' report is located at the front of the financial section of this report.

Management's discussion and analysis (MD&A) immediately follows the independent auditors' report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

PROFILE OF THE GOVERNMENT

The City, incorporated in 1817, located in the western part of the state, occupies 20.69 square miles and serves a population of 59,042.

The City operates under a City Manager form of government. Policy-making and legislative authority are vested in the Board of Commissioners (Board) consisting of the Mayor and four Commissioners, all elected on a non-partisan basis. The Board appoints the City Manager. The Mayor is elected for a four-year term and the Commissioners for two-year terms.

The City provides a full range of services including: police and fire protection; the construction and maintenance of highways, streets and other infrastructure, transit, and recreational and cultural activities. All funds, agencies, commissions and trusts involved in the provision of these services, and for which the City is financially accountable, are included with data of the primary government.

In accordance with Governmental Accounting Standards Board Statement No. 14, *"The Financial Reporting Entity,"* the following organizations are reported separately within the City's basic financial statements:

Owensboro Municipal Utilities
Owensboro Riverport Authority

The Owensboro-Daviess County Regional Airport Board is a joint venture between the City and County governments. The City's equity interest in this joint venture is reflected in the financial statements.

In addition to internal controls, the City maintains budgetary controls. The objective of these controls is to ensure compliance with legal provisions embodied in the annual appropriation and budget ordinance approved by the Board of Commissioners. As required by Kentucky Revised Statutes 91A.030 and 83A.150, the City Manager submits a proposed operating budget on or before June 1st to the Board of Commissioners for the fiscal year commencing July 1. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the departmental level within an individual fund.

LOCAL ECONOMY

Owensboro lies on the southern banks of the Ohio River, one of the nation's major waterways, in the western Kentucky coal field region. Owensboro is located 32 miles southeast of Evansville, Indiana, 123 miles north of Nashville, Tennessee, and 109 miles southwest of Louisville, Kentucky. Owensboro enjoys a diverse economy which has insulated it from the global recession. The City has been able to maintain, and improve in some areas, service levels with no property tax increase for the past seven years.

Over the past ten years, real estate assessments have increased \$654.8 million, or 29%, from 2007 to 2016.

Major industries located within the government's boundaries include health care, banking, manufacturing, and retail. The City of Owensboro has a diverse mix of industries in its economy and as a result, has not experienced the decline in its revenue stream that other cities have. The unemployment rate for the City of Owensboro was 4.8% in June 2016. The state and federal unemployment rates were 5.4% and 5.1%, respectively.

SIGNIFICANT EVENTS AND INITIATIVES

Tax Increment Financing

The city is participating with the state in two tax increment financing (TIF) projects, the Gateway Commons Mixed Use Redevelopment TIF (Gateway TIF) and the Downtown Owensboro Riverfront Revitalization Mixed Use Redevelopment TIF (Downtown TIF). For approved TIFs, the state returns up to 80 percent of incremental tax revenues created by the development to developers to pay for public infrastructure costs. The Gateway TIF has been approved by the state for a total of \$20.57 million in state tax incentive rebates over a 20 year period. The City expects approval for the Downtown TIF in amount of \$24.5 million on December 8, 2016.

Downtown Redevelopment and Revitalization

The community expressed a desire to redevelop the downtown and riverfront, and as such, voiced their opinion on how to do that through a public forum called 'We the People'. The City's elected officials acted upon that, partnering with Daviess County Fiscal Court (the County) in the development and financing of this project, with the City sponsoring \$79.4 million of the project and the County sponsoring \$20 million. A portion of the City's Insurance Premium License Fee is dedicated to fund this endeavor. This project has already spurred over \$120 million in downtown private development, with many more projects on the horizon.

International Bluegrass Music Center

The City, in partnership with the International Bluegrass Music Museum, Inc., has begun construction on a \$15.3 million, 47,000 square foot museum and entertainment venue, which will open in the spring of 2018 as the new International Bluegrass Music Center (IBMC). This tourism and educational venue will serve as an iconic tribute to the bluegrass genre along with many other music styles of historic significance. The 500 seat theatre will become the home of the International Bluegrass Opera, which will be complimented by a roof top full-service restaurant with views of the majestic Ohio River. Bluegrass is among the fastest growing music interest in the world. The IBMC will become a focal point of our tourism industry for not only our region but the entire country, for years to come.

Stormwater Master Plan

The City has identified six separate projects that upon completion will minimize flooding in streets and yards, as well as separate stormwater off of the Combined Sewer System. The City secured \$28.7 million in low interest loans from the Kentucky Infrastructure Authority Clean Water State Revolving Fund to fund this project. The loan will be paid with funds from the Your Community Vision Fund.

Public-Private Partnership

The City's aggressive economic development posture has resulted in significant job growth, increased municipal revenue, and acceleration of the private sector's investment in our community. Its partnership with a global banking company in building three call centers has had a dramatic economic impact including the creation of over 1,500 jobs in less than six years. The City also partnered with a California-based customer service center creating up to 840 new jobs. The City continues to pursue such partnerships, both large and small, as infill and expansion of its strong financial baseline.

LONG-TERM FINANCIAL PLANNING

A five-year forecast is maintained for all major funds of the City. This enables and encourages discussions on items two to five years before they are needed.

The City's Administration and Commission has developed and implemented a strategic plan to provide for expenditure reduction and increased efficiencies and revenues; this is explained in greater detail in the MD&A.

A five-year Capital Improvement Plan is adopted as a component of the annual operating budget. The Capital Improvement Plan is coordinated with the annual operating budget, taking into consideration its impact on annual operating costs.

AWARDS AND ACKNOWLEDGEMENTS

The Government Finance Officers Association (GFOA) of the United States and Canada awarded the City a Certificate of Achievement for Excellence in Financial Reporting for fiscal year ended June 30, 2015, the 35th year Owensboro has received this prestigious award.

Mayor, City Commissioners,
and Citizens of Owensboro
December 6, 2016
Page -4-

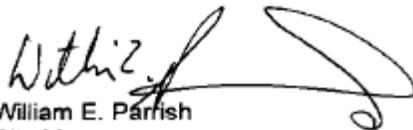

In order to be awarded this Certificate, the City published an easily readable and efficiently organized comprehensive annual financial report, the contents of which conform to program standards. This report satisfied both generally accepted accounting principles and applicable legal requirements.

The Certificate is valid for a period of one year only. We believe our current report continues to conform to program requirements and will submit it to GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA Distinguished Budget Presentation Award for its annual budget document for the 16th year. In order to qualify for the Distinguished Budget Presentation Award, the government's budget document was judged to be proficient in several categories, including as a policy document, a financial plan, an operations guide, and a communications device.

Timely preparation of this report could not be accomplished without the efficient and dedicated services of the entire Finance Department staff. We express our appreciation to all department members who assisted and contributed to its preparation, with special thanks to Myriad CPA Group, LLC. We also thank the Mayor and City Commissioners for their unfailing support for maintaining the highest standards of professionalism in the management of the City of Owensboro's finances.

Respectfully submitted,

Independent Auditors' Report

To the Honorable Ron Payne, Mayor
and the Board of Commissioners of the
City of Owensboro, Kentucky

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Owensboro, Kentucky (the "City") as of and for the year ended June 30, 2016 and the related notes to the financial statements, which collectively comprise the City's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of Owensboro Municipal Utilities which represents 86 percent, 78 percent, and 91 percent, respectively, of total component unit assets, total component unit net position, and total component unit revenues. In addition, we did not audit the financial statements of the Owensboro-Daviess County Regional Airport, which represents 5 percent, 18 percent, and -0.2 percent, respectively, of total governmental activities assets, total governmental activities net position, and total governmental activities general revenues and transfers. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, insofar as they relate to the amounts included for Owensboro Municipal Utilities and Owensboro-Daviess County Airport, are based solely on the reports of the other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the City's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the City's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the reports of other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the City of Owensboro, Kentucky as of June 30, 2016, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Emphasis of Matter

As discussed in Note 24 to the financial statements, the June 30, 2015 financial statements have been restated to correct a misstatement. Our opinions are not modified with respect to this matter.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 11 through 22, and the required supplemental information including the pension schedules and budgetary comparison schedules as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We and other auditors have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Owensboro, Kentucky's basic financial statements. The introductory section, combining and individual non-major fund financial statements, capital assets schedules, and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The combining and individual non-major fund financial statements and capital assets schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America by us and other auditors.

In our opinion, the combining and individual non-major fund financial statements and capital assets schedules are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory and statistical sections have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by *Government Auditing Standards*

In accordance with Government Auditing Standards, we have also issued our report dated December 2, 2016, on our consideration of the City of Owensboro, Kentucky's internal control over financial reporting and on our tests of compliance with laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and results of that testing and not to provide a legal opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Owensboro, Kentucky's internal control over financial reporting and compliance.

MANAGEMENT'S DISCUSSION AND ANALYSIS

The City of Owensboro (City) offers Management's Discussion and Analysis to provide a narrative overview and analysis of City financial activities for fiscal year ended June 30, 2016. To fully understand the entire scope of the City's financial activities, this information should be read in conjunction with the letter of transmittal (pages 1-4) and the financial statements (pages 23-121) provided in this document.

I. Financial Highlights

- Assets and deferred outflows exceeded liabilities by \$95.1 million at the close of the 2015-2016 fiscal year.
- Total net position increased by \$31.8 million from prior year.
- At fiscal year end, City governmental funds reported a combined ending fund balance of \$34.8 million. Approximately \$9.1 million, 26% of this total amount is unassigned and available for spending at the City's discretion.
- The unassigned general fund balance of \$9.1 million represents 22% of total general fund expenditures.

II. Overview of Financial Statements

This discussion and analysis serves as an introduction to the City's basic financial statements, which consist of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

A. Government-Wide Financial Statements

Government-wide financial statements are designed to provide readers with a broad overview of City finances in a manner similar to private-sector business.

The Statement of Net Position presents information on all City assets and liabilities, with the difference between assets and liabilities reported as net position. Monitoring increases and/or decreases in net position over time helps the City to recognize whether its financial position is deteriorating or improving.

The Statement of Activities shows how the City's net position changed during the past fiscal year. All net position changes are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Revenues and expenses are reported in the Statement of Activities for some items that will only result in cash flows in the future (e.g., uncollected taxes and earned but unused vacation leave).

The government-wide financial statements separate City functions primarily supported by taxes and intergovernmental revenues (governmental activities) from other City functions that are intended to recover all or a significant portion of expenses through user fees and charges (business-type activities). City governmental activities include general government, public safety, public works, community and cultural, and community and economic development. Business-type activities of the City include sanitation, transit, geographic information system, and recreation.

Government-wide financial statements include the City (the primary government) and its legally separate component units, Owensboro Municipal Utilities (OMU) and Owensboro Riverport Authority (ORA), for which the City is financially accountable. Financial information for the component units is reported separately from the financial information presented for the primary government.

The government-wide financial statements can be found on pages 23-24 of this report.

B. Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over segregated resources for specific activities or objectives. The City of Owensboro, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. City funds can be divided into three categories:

- 1) Governmental Funds. Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. Unlike government-wide financial statements, however, governmental fund financial statements focus on near-term inflow and outflows of spendable resources, as well as on balances of spendable resources available at fiscal year-end. This information can help the City when it evaluates near-term financing requirements.

The City maintains eleven (11) individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Your Community Vision Fund, Downtown Development and Revitalization Fund, Debt Service Fund, and Capital Improvements Fund all of which are considered to be major funds. Data from six non-major governmental funds are combined into a single aggregated presentation. Individual fund data for each non-major governmental fund is provided in the form of combining statements within the Non-major Governmental Funds section in this report.

Readers may better understand the long-term impact of the City's near-term financing decisions by comparing the narrow-focus government funds financial statements with governmental activities in the government-wide financial statements. The governmental funds balance sheet (pages 25-26) and the statement of revenues, expenditures and changes in fund balances (pages 27-28) provide a reconciliation to ease comparison between governmental funds and governmental activities.

- 2) Proprietary Funds. The City maintains two different types of proprietary funds:

- a. **Enterprise funds**. Enterprise funds report the same functions presented as business-type activities in the government-wide financial statements and are used to account for operations:
 - that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the costs of providing goods and services to the general public on a continuing basis be financed or recovered primarily through user charges; or
 - where the governing body decided periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The City uses five enterprise funds to account for Sanitation, Downtown Maintenance & Operations, Transit, Geographic Information System, and Recreation, as well as certain component units that provide electric, water, and riverport services. These component units, which each have their own board of directors, are also Enterprise Funds. With the exception of Sanitation and the component units, which are self-supporting, the other enterprises receive subsidy from the General Fund.

The City's component unit enterprises are OMU, which provides the electric, light and power system and the water works system, and ORA which operates the riverport and navigational facilities.

- b. Internal Service funds** are used to accumulate and allocate costs internally among the City's various functions. The City uses internal service funds to account for its Facilities Maintenance, Insurance, Garage Service, and Fleet and Facilities Capital Replacement. Internal Service Funds have been included within governmental activities in the government-wide financial statements because these funds predominantly benefit governmental functions versus business-type functions.

Proprietary fund statements provide the same kind of information as government-wide financial statements, but in greater detail. Individual data for the proprietary fund financial statements is presented in the form of combining statements at pages 29-31 of this report. Individual data for the internal service fund financial statements are likewise presented in the form of combining statements at pages 110-112 of this report.

- 3) Fiduciary Funds. Fiduciary funds are used to account for resources held for the benefit of parties outside the government and are not reflected in government-wide financial statements because those resources are not available to support City programs. Individual data for the City's four fiduciary funds (City Employees' Pension, Police and Firefighters' Retirement, County Occupational Tax, and School District Tax) are presented in the form of combining statements at pages 113-116 of this report.

C. Notes to the Financial Statements

These notes provide additional information crucial to fully understanding data provided in the government-wide and fund financial statements. Notes to the financial statements can be found at pages 36-88 of this report.

D. Other Information

In addition to basic financial statements and accompanying notes, this report also presents certain required supplementary information (RSI) concerning City funding of its obligation to provide pension benefits to its employees and budgetary comparison schedules for the General Fund. Required supplementary information also includes budgetary comparison schedules for Your Community Vision and Downtown Development and Revitalization. Required supplementary information can be found on pages 89-100 of this report.

The combining statements referred to earlier in connection with non-major governmental funds and internal service funds are presented immediately following the required supplementary information. Combining and individual fund statements and schedules can be found on pages 101-118 of this report.

III. Government-Wide Financial Analysis

As previously indicated, net position may serve over time as a useful indicator of the City's financial position. City assets and deferred outflows exceeded liabilities by \$95.1 million at June 30, 2016.

The largest portion of the City's net position, \$74.5 million, or 78.4% reflects its net investment in capital assets. The City uses these capital assets to provide service to citizens and as a result, these assets are not available for future spending. The City's capital assets are reported net of related debt, but the resources to pay this debt must be provided from other sources since the capital assets cannot be used to liquidate the liabilities.

An additional portion of City net position, \$20.6 million, or 21.6%, represents resources that are subject to external restrictions on how they may be used.

At the end of the last fiscal year, the City was able to report a positive total net position.

A. Analysis of the City's Operations

The following table summarizes City operations for the year ended June 30, 2016. The City's net position increased by \$30.2 million under governmental activities and \$1.6 million under business-type activities. The increase is primarily due to contributed capital assets.

IV. Financial Analysis of the City's Funds

As was earlier stated, the City uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

A. Governmental Funds

The focus of the City's governmental funds is to provide information on near-term inflows, outflows and balances of spendable resources, which is useful in determining the City's financing requirements. Unassigned fund balance serves as a useful measure of the City's net resources available for spending at the end of the fiscal year.

At the end of the fiscal year, the City governmental funds reported combined ending fund balance of \$34.8 million. Approximately \$20.6 million is in restricted, and \$5 million is in committed. Approximately 22%, or \$9.1 million, is unassigned fund balance, which is available for spending at the city's discretion.

The General Fund is the chief operating fund of the City. At the end of the 2015-2016 fiscal year, the General Fund unassigned fund balance was \$9,127,156, while total fund balance was \$9,708,563. As a measure of General Fund liquidity, readers may compare both unassigned fund balance and total fund balance to total General Fund expenditures. Unassigned fund represents 22% of total General Fund expenditures of \$41.7 million, while total fund balance represents 23% of total General Fund expenditures. The General Fund balance decreased by \$509,848 during the 2015-2016 fiscal year. This decrease is primarily due to increased expenditures for streets and transfers.

The Your Community Vision Fund balance of \$3,870,750 represents a decrease of \$656,731 from prior year. This decrease is primarily due to increased capital outlay. The capital outlay is related to police and fire equipment, Combest pool renovations and stormwater projects. The fund balance consists of \$698,972 in restricted funds and \$3,171,778 in committed funds.

The Downtown Development and Revitalization Fund balance of \$3,767,946 represents a decrease of \$1,069,946 from prior year. This decrease is primarily due to capital outlay on downtown projects. The total fund balance is restricted.

The Capital Improvements Fund balance of \$15,290,960 represents an increase of \$7,037,184 from prior year. This increase is primarily due to contributions for the construction of the International Bluegrass Music Center. The total fund balance is restricted.

B. Proprietary Funds

The City's proprietary funds provide the same information found in the government-wide financial statements, but in more detail. Unrestricted net position of the respective proprietary funds are:

Sanitation	\$ 8,808,966
Downtown Maint & Operations	\$ (926,582)
Non-major Enterprise Funds	\$ 393,281

The net position for the Proprietary Funds increased \$1.1 million. Sanitation Fund increased \$1.7 million, Downtown Maintenance & Operations decreased \$0.4 million, and the Non-major Enterprise Funds decreased \$0.2 million. Other factors concerning the Proprietary Enterprise Funds have been addressed in the discussion of Proprietary Funds on pages 12-13.

V. General Fund Budgetary Highlights

Differences between the original budgeted appropriations and the final amended budget resulted in a \$2,668,856 increase in appropriations and transfers and can be briefly summarized as follows:

- \$ 2,120 increase in Administration
- \$ 5,695 increase in Community Development
- \$ 679,001 increase in Engineering
- \$ 114,322 increase in Finance
- \$ 5,000 increase in Personnel
- \$ 119,815 increase in Fire
- \$ 87,374 increase in Information Technology
- \$ 39,454 increase in Parks
- \$ 302,296 increase in Police
- \$ 82,592 increase in Street
- \$ 997,736 increase in General Government
- \$ 6,100 increase in Property Maintenance
- \$ 227,351 increase in transfers

The net budgetary increase due to appropriations and transfers of \$2,668,856 was deducted from the available fund balance.

The increases are due to various reasons as follows:

- Engineering increase due to carryovers from prior year for street maintenance.
- Finance increase primarily due to salary and benefit costs of an additional accountant position.
- Fire increase due to additional charges for fire hydrant maintenance.
- Police increase due to the re-budgeting of unused capital surplus funds from prior years.
- General Government increase primarily due to elimination of budget contingency and costs associated with the professional services for two Tax Incremental Funding Programs.

VI. Capital Asset and Debt Administration

A. Capital Assets

The City's investment in capital assets for governmental and business-type activities as of June 30, 2016, is \$232.5 million (net of accumulated depreciation). This investment in capital assets includes land, buildings and system improvements, machinery and equipment, park facilities, roads, highways and bridges, and construction in progress.

Major capital asset events during the current fiscal year include the following:

- The convention center and the tennis facility were finalized and capitalized in amounts of \$55.5 million and \$4.1 million, respectively.
- A variety of land improvement projects were completed. Most notably, the downtown infrastructure for \$9.8 million, pier renovation for \$2.0 million, and the Southtown Boulevard road extension for \$0.9 million.
- Construction began on the International Bluegrass Music Center. The total budgeted cost for this project is \$15.3 million, with construction in progress as of the close of the fiscal year at \$821,155.

Additional information on City capital assets can be found on pages 119-121 of this report and in Footnote 5 at pages 52-54.

B. Long-Term Debt

At year end, the City had \$158,149,347 in outstanding bonds and capital leases, compared to \$132,890,722 at June 30, 2015. That is a 19% increase as shown in the following table:

	Governmental Activities	
	2015	2016
General obligation bonds	\$102,838,127	\$121,702,598
Note Payable #18	185,000	145,000
Advance refunding bonds	7,970,000	11,545,000
Note Payable #26	16,900	12,600
KIA loan payable	21,880,695	24,744,149
Total	\$132,890,722	\$158,149,347

The City's legal debt limit under Kentucky Constitution Section 158 is 10% of total assessed value of taxable property in Owensboro; therefore, the debt limit is \$348,893,937. The City's latest bond rating is A2.

The City issues and incurs debt in order to fund capital improvement projects, purchase major capital equipment facilities, and respond to other special funding needs. The City has a very low amount of general obligation debt, which explains our large legal debt margin. Less than 3% of the General Fund budget is expended for debt service, and thus has little impact on current and future operations.

Additional information on City Long-Term Debt can be found in Footnote 6 at pages 55-66.

C. Types of Municipal Debt

- i. **Advance Refunding Bonds.** In 2012, the City issued General Obligation Refunding Bonds Series 2012A and 2012C to advance refund the 2002A and 2002B Series Bonds to reduce debt service payments and pay down the 2002B Series. In 2014, the City issued General Obligation Refunding Bonds Series 2014 to advance refund the 2009 BABs to reduce debt service payments. Most recently in 2016, the City issued General Obligation Refunding Bonds Series 2016A and 2016B to advance refund the 2006 and 2008 Bonds Series to further reduce debt service.
- ii. **Note Payable #26.** This debt was issued in early 2005 to finance the remodeling of the new Owensboro Symphony offices.
- iii. **Note Payable #18.** This debt was issued in May 2001. The funds were used to build a new pro shop at the City golf course and acquire land for the City's newest park.
- iv. **Kentucky Infrastructure Authority Loan Payable.** This debt was issued in 2007 and 2015. The proceeds were used to fund a stormwater separation project. The outstanding amount as of June 30, 2016 is \$24,744,149.

VII. Economic Factors and Next Year's Budgets and Rates

- A. **Unemployment Rate.** The unemployment rate for the City of Owensboro as of June 2016 was 4.9%. The state and federal unemployment rates were 5.4% and 5.1%, respectively.
- B. **Inflationary Trends.** Inflationary trends in the City compare favorably to state and national trends.
- C. **Annexation Policy.** Incentive investments in annexation and economic development should enable revenue to increase significantly over the next year. The City will continue to aggressively pursue its annexation efforts as these efforts will insure long-term financial stability for the City in terms of increased property taxes, occupational license fees, and occupational net profit fees through mixed commercial, industrial, and residential development. City policy will continue to provide annexation and economic development incentives that will pay for themselves within five years of implementation and serve as incentive investments in future revenues to offset the cost of providing services to the newly annexed areas. The policy of balanced and controlled growth will be the City's greatest challenge in the next 5-10 years.
- D. **Fleet and Facilities Maintenance Plan.** The City's strategy to continue to limit expenditure growth and seek cost savings opportunities will insure that funds are available for needed capital projects in the future. The City has been helped in this regard by implementation of the Fleet and Facilities Maintenance Plan. This plan allows the City to make long-range plans for facility maintenance and to replace vehicles at the optimal time to avoid high maintenance costs and take advantage of a higher resale value.
- E. **Debt Service Payments.** All future debt service payments must come from operating funds. As a result, debt service requirements are an important consideration when preparing the annual operating budget. Less than 3% of the General Fund budget is expended for debt service. Currently this has little impact on the City's annual operating budget and should have little impact on the operating budget in the future.

All these factors, in addition to current and future needs of the City of Owensboro, were considered when the 2016-2017 City budget was prepared. The beginning general fund balance for fiscal year 2016-2017 is \$9,708,563. The City is in good financial condition at the present time and no tax increase is planned for this fiscal year.

VIII. Requests for Information

Reconciliation of the Statement of Revenues, Expenditures, and Changes
in Fund Balances of Governmental Funds to the Statement of Activities
For the fiscal year ended June 30, 2016

Net change in fund balances - total governmental funds		\$ 4,167,812
Amounts reported for governmental activities in the statement of activities are different because:		
Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense:		
Capital outlays	\$ 7,248,975	
Depreciation expense	<u>(10,423,711)</u>	(3,174,736)
Loss on disposal of capital assets		(8,755)
Donation of capital assets		30,893,764
Revenues in the statement of activities that do not provide current financial resources are not reported as revenues in governmental funds:		
Occupational and net profit taxes	\$ 9,700	
Decrease in investment in joint venture	<u>(153,877)</u>	(144,177)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities:		
Debt principal payments	\$ 9,470,041	
Proceeds from debt issuance	(10,728,666)	
Bond premiums from debt issuance	(309,678)	
Amortization of bond discounts and premiums	(18,595)	
Write off of bond discounts from refunding	(32,400)	
Loss on refunding	292,097	
Amortization of deferred amounts on refunding	<u>(68,816)</u>	(1,396,017)
Certain expenses reported in the statement of activities do not require the use of current financial resources, and therefore are not reported as expenditures in governmental funds:		
Decrease in compensated absences liability	\$ 103,298	
Decrease in accrued interest payable	51,898	
Pension contributions paid after the measurement date-CERS	3,290,091	
Actuarial pension expense-CERS	(4,749,891)	
Actuarial pension expense-Single Employer Plans	<u>(705,110)</u>	(2,009,714)
Internal service funds are used by management to charge the costs of certain activities to individual funds. The net revenue of the internal service funds is reported with governmental activities.		<u>1,856,187</u>
Change in net position of governmental activities		<u><u>\$ 30,184,364</u></u>

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

The City is a municipal corporation governed by an elected mayor and a four-member commission. As required by generally accepted accounting principles, these financial statements present the government and its component units, entities for which the government is considered to be financially accountable. Blended component units, although legally separate entities, are in substance, part of the government's operations and so data from these units are combined with data of the primary government. Discretely presented component units, on the other hand, are reported in a separate column in the combined financial statements to emphasize that they are legally separate from the government. Individual discretely presented component units are presented in the combining component units financial statements.

Blended Component Unit:

Established in 1967 pursuant to Kentucky Revised Statute (KRS) 273, the Owensboro Municipal Improvement Corporation (OMIC) has been presented as a blended component unit because the entity's governing body is substantially the same as the governing body of the City, and because its only purpose is to provide a financing vehicle for the acquisition of property to be dedicated to public use by the City. The Corporation has no separate existence apart from the City.

Discretely Presented Component Units:

The component units column in the government-wide financial statements includes the financial data of the City's other component units. They are reported in a separate column to emphasize that they are legally separate from the City. Combining financial statements for the discretely presented component units are included within this report. Separate financial statements of the individual component units can be requested from the City's Finance Director. The following component units are included in the City's reporting entity because the primary government is financially accountable for, and is able to impose its will upon, the organizations.

Owensboro Municipal Utilities

Owensboro Municipal Utilities (OMU) is managed, controlled, and operated by the City Utility Commission, established by the City in 1940. OMU consists of the Electric Light and Power System and the Water Works System. The fiscal year-end for OMU is May 31; data presented for OMU is as of and for the year ended May 31, 2016. There were no intervening events that would materially affect financial position or results of operations of the City.

OMU is subject to regulation, including establishment of rates charged for utility services by the City, or set forth in applicable City ordinance. City officials select the Board of Directors. OMU is presented as an enterprise fund. Financial statements can be obtained by contacting the Finance Director of OMU at (270) 926-3200 or 2070 Tamarack Road, Owensboro, Kentucky 42301.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Owensboro Riverport Authority

The Owensboro Riverport Authority (Authority) was created by ordinance on September 9, 1966, for the purpose of establishing, maintaining, operating, and expanding necessary and proper riverport and navigational facilities for the purpose of attracting river-oriented industry. Because the City appoints the Authority's Board of Directors and provides a specific financial benefit to the City each year in the form of a distribution, the Authority is a component unit of the City. The Authority is presented as an enterprise fund. Financial statements can be obtained by contacting the Controller of the Authority at (270) 926-4238 or P.O. Box 21955, Owensboro, Kentucky 42304.

Related Organization:

The City is responsible for appointing four members to the Board of the Regional Water Resource Agency (RWRA). RWRA was established through an ordinance dated October 18, 1994 as a legally separate entity which administers and provides regional comprehensive wastewater services for Owensboro and Daviess County, excluding the Facilities Planning Area boundary of the City of Whitesville. The Board consists of seven members, the remaining three of which are appointed by the Daviess County Judge-Executive. RWRA has currently contracted with the City to provide financial and personnel services. The City's responsibility does not extend beyond appointing authority and the City is not financially accountable for the activities of RWRA. Separate financial statements for RWRA may be obtained from the City's Finance Director.

Government-Wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net position and the statement of activities) report information on all of the non-fiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. Government activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customer or applicants who purchase, use, or directly benefit from goods, services, or privilege provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, the debt service expenditures, as well as expenditures related to compensated absences, claims, and judgments are recorded only when payment is due.

Property taxes, franchise taxes, licenses, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The City reports the following funds:

Governmental Funds

General Fund

The General Fund is the general operating fund of the City. All general tax revenues and other receipts that are not allocated by law, ordinance, or contractual agreement to some other fund are accounted for in this fund. From this fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid through other funds. This is a major fund of the City.

Debt Service Fund

The Debt Service Fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources. This is a major fund of the City.

Special Revenue Funds

Special revenue funds are used to account for specific revenues that are legally restricted to expenditures for particular purposes, and are as follows:

Community Development Fund - established to account for grants to the City for community development. Resources may only be used for activities that are directed toward satisfying the primary objective of developing viable urban communities and expanding economic opportunities, principally the persons of low or moderate income.

Your Community Vision Fund - established to account for the revenues derived from a .33% rate increase of occupational license and net profit taxes; expenditures of those revenues fund Your Community Vision Projects. This is a major fund of the City.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Downtown Development and Revitalization Fund - established to account for revenues received from insurance license premium taxes for revitalization and redevelopment of the downtown area. This is a major fund of the City.

Greenbelt Fund - established to account for revenues received for the purpose of developing recreational areas and activities.

Drug and Property Recovery Fund - established to account for funds obtained through drug law enforcement grants.

Economic Development Fund - established to monitor incentives disbursed for economic development of the City and the increased revenues resulting from that development. The City's intent is to offset the incentive within a five-year period with an increased revenue stream.

Capital Projects Funds

Capital projects funds are used to account for the acquisition and construction of major capital facilities other than those financed by proprietary funds and trust funds are as follows:

Capital Improvements Fund - established to account for the acquisition of capital assets or construction of major capital projects purchased with funds from long-term borrowings. This is a major fund of the City.

Wellness Fund - established to account for expenditure of revenues from the restructuring of the Owensboro Medical Health System. These revenues are restricted to community wellness projects.

Proprietary Funds

Proprietary fund reporting focuses on financial position changes in net position and cash flows. The City reports the following proprietary funds, which are classified as either enterprise or internal service.

Enterprise Funds

Enterprise funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determinations of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes. The City reports the following enterprise funds:

Sanitation Fund - established as a means of more effectively managing and accounting for operations of the City Sanitation Department. This is a major fund of the City.

Transit Fund - established for the purpose of managing and accounting for the operations of the City's Transit Department.

Geographic Information System Fund (GIS) - established for the purpose of managing and accounting for the activity of the GIS Division of the City's Information Technology Department.

Downtown Maintenance and Operations Fund - established for the purpose of managing and accounting for the operations of the convention and events center. This is a major fund of the City.

Recreation Fund - established for the purpose of managing and accounting for the operations of the City's swimming pools, golf courses, ice arena, and Sportscenter.

Internal Service Funds

Internal Service Funds are used to account for the financing of goods and services provided by one department or agency to other departments or agencies of the City on a user charge basis. The internal service funds of the City are as follows:

Facilities Maintenance Fund - established to account for the maintenance provided to departments within the City.

Insurance Fund - established to account for the City's health, unemployment, and workers' compensation insurance programs.

Garage Service Fund - established to account for garage maintenance provided to departments within the City.

Fleet and Facilities Fund - established to account for foreseeable capital expenditures and to straight-line depreciate their cost over thirty years.

Fiduciary Funds

Fiduciary fund reporting focuses on net position and changes in net position. The fiduciary fund category is split into four classifications: pension trust funds, investment trust funds, private-purpose trust funds, and agency funds. Trust funds are used to account for assets held by the City under a trust agreement for individuals, private organizations, or other governments, and are therefore not available to support the City's own programs. The various pension trust, investment trust, and agency funds of the City are as follows:

City Employees' Pension Fund

The City Employees' Pension Fund (a contributory defined benefit plan) was created by ordinance, August 13, 1946, under KRS 90.310-90.410. It covers all employees of the City of Owensboro and Owensboro Municipal Utilities, except for the Owensboro Riverport Authority, the City's police and firefighters, and those employees who elected to transfer into the CERS.

Police and Firefighters' Retirement Fund

The Police and Firefighters Retirement Fund (a contributory defined benefit plan) was created by ordinance, March 26, 1928, under KRS 95.851-95.991. It covers employees of the City of Owensboro in the police and fire departments that elected not to transfer into the CERS.

Investment Trust Fund

Established to account for the monies of legally separate entities that participate in the City-sponsored external investment pool. The Investment Trust Fund is accounted for using the economic resources measurement focus and the accrual basis of accounting.

Agency Funds

The agency funds are custodial in nature and do not present results of operations or have a measurement focus. The funds are used to account for assets that the government holds for others in an agency capacity. The School District Tax Fund accounts for school district tax collection and payment to the Owensboro Board of Education. The County Occupational Tax Fund accounts for occupational tax collection and payment to Daviess County, Kentucky.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Exceptions to this general rule are payments-in-lieu of taxes received from one of the City's component units. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Amounts reported as program revenues include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operation grants and contributions, and 3) capital grants and contributions, including special assessments. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the City's enterprise funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

When both restricted and unrestricted resources are available for use, it is the City's policy to use restricted resources first, then unrestricted resources as they are needed.

Revenues - Exchange and Non-Exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the City, available means expected to be received within thirty-one days of year-end.

Non-exchange transactions, in which the City receives value without directly giving equal value in return, include income taxes, property taxes, grants, entitlements, and donations. On an accrual basis, revenue from income taxes is recognized in the period in which the income is earned. The City considers property taxes as available if they are collected within sixty days after year-end. Revenue from grants, entitlements, and donations is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the City must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the City on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

The following is a list of primary revenue sources which have not been treated as susceptible to accrual under the modified accrual basis, and which have not:

<u>Susceptible</u>	<u>Non Susceptible</u>
Taxes	Licenses and permits
Intergovernmental	

Deferred Revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Special assessments not received within the available period and grants and entitlements received before the eligibility requirements are met are also recorded as deferred revenue.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Deposits and Investments

City Ordinance 2-76 requires all City deposits to be secured by bonds or other securities of the U.S. Government, bonds of the City redeemable from taxes collected by the City, or by other certificates of indebtedness of cities or corporations, which shall have a fair value equal to or greater than the amount of the deposits which may exist from time to time.

The City's cash and cash equivalents are considered to be cash on hand, demand deposits, and all highly liquid investments (including restricted assets) with a maturity of three months or less from the date of acquisition.

The City has segregated bank accounts for monies held separate from the City's central bank account. These interest-bearing depository accounts are presented on the statement of net position as "cash and cash equivalents in segregated accounts" since they are not required to be deposited into the City's treasury.

Investments are stated at fair value. Fair values are obtained from market quotations on the last business day of the fiscal year. The market quotations are obtained from national security exchanges or other published sources. Kentucky Revised Statute 66.480 permits the City to invest in U.S. Treasury obligations, U.S. Agency obligations, certain Federal instruments, repurchase agreements, commercial banks' certificates of deposits, savings and loan deposits, and the Commonwealth of Kentucky Investment Pool.

Materials and Supplies Inventory

Inventory is valued at cost, which approximates market value, using the first-in/first-out (FIFO) method. Inventory consists of expendable supplies held for consumption. The cost is recorded as an asset at the time individual inventory items are purchased and as an expenditure when used (consumption method).

Capital Assets

General capital assets are those assets not specifically related to activities reported in the proprietary funds. These assets generally result from expenditures in the governmental funds. They are reported in the governmental activities column of the government-wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the proprietary funds are reported both in the business-type activities column of the government-wide statement of net position and in the respective funds.

All capital assets are capitalized at cost (or estimated historical cost) and updated for additions and retirements during the year. Donated capital assets are recorded at their fair market values as of the date received. The City maintains a capitalization threshold of five thousand dollars. The City's infrastructure consists of bridges, culverts, curbs, sidewalks, storm sewers, streets, irrigation systems, and water and sewer lines. Improvements are capitalized; the cost of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life is not. Interest incurred during the construction of capital assets is also capitalized.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

All reported capital assets are depreciated, except for land and construction in progress. Improvements are depreciated over the remaining useful lives of the related capital assets. Useful lives for infrastructure are estimated based on the City's historical records of necessary improvements and replacements. Depreciation is computed using the straight-line method over the following useful lives:

<u>Description</u>	<u>Governmental Activities Estimated Lives</u>	<u>Business-Type Activities Estimated Lives</u>
Land Improvements	20 years	3-30 years
Machinery and Equipment	3-9 years	2-25 years
Buildings	30 years	20-60 years
Vehicles	4-6 years	4-10 years
Infrastructure	20 years	N/A

Property Taxes

Property taxes are recognized as revenue to the extent that they are both measurable and available, and an appropriate allowance is established for the portion that is estimated to be uncollectible.

Compensated Absences

The City's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. Sick pay is accumulated to one hundred days; thereafter, employees are compensated for sick pay earned and not taken up to a maximum of twelve days annually. The liability for these compensated absences is recorded as long-term debt and an expense when earned in the government-wide statements. The current portion of this debt is estimated based on historical trends. A liability for these amounts is reported in governmental funds only if they have matured; for example, as a result of employee resignation or retirement.

Interfund Balances

On the fund financial statements, long-term interfund loans are classified as "advances to/from other funds" on the balance sheet and are equally offset by a fund balance reserve account which indicates that they do not constitute available expendable resources. These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for any net residual amounts due between governmental and business-type activities, which are presented as internal balances.

Accrued Liability and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the government-wide financial statements, and all payables, accrued liabilities, and long-term obligations payable from proprietary funds are reported on the proprietary fund financial statements.

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources are reported as obligations of the funds. However, claims and judgments, and compensated absences that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment during the current year. Bonds, capital leases, and long-term loans are recognized as a liability in the fund financial statements when due.

Retirement Benefits

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position, and additions to/deductions from fiduciary net position have been determined on the same basis as they are reported by the various pension plans of the City. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments, if any, are reported at fair value.

Bond Discounts/Issuance Costs

In the governmental fund financial statements, bond discounts and issuance costs are recognized in the current period. In the government-wide financial statements and proprietary fund types in the fund financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the bonds-outstanding method, which approximates the effective interest method. In the government-wide financial statements, bond costs are recognized in the current period as well.

Net Position

The City classifies net position in the government-wide and fiduciary financial statements as follows:

- Net investment in capital assets includes the City's capital assets (net of accumulated depreciation) reduced by the outstanding balances of bonds, mortgages, notes, or other borrowing that are attributable to the acquisition, construction, or improvement of those assets.
- Restricted net position includes assets that have third-party (statutory, bond covenant, or granting agency) limitations on their use. The City typically uses restricted assets first, as appropriate opportunities arise, but reserves the right to selectively defer the use until a future project.
- Unrestricted net position typically includes unrestricted liquid assets. The City Commission has the authority to revisit or alter their designation.

The City follows GASB Statement No. 54, "Fund Balance Reporting and Governmental Fund Type Definitions." This Statement provides more clearly defined fund balance categories to make the nature and extent of the constraints placed on the government's fund balances more transparent. The following classifications describe the relative strength of the spending constraints:

- Nonspendable fund balance - amounts that are not in spendable form (such as inventory) or are required to be maintained intact.
- Restricted fund balance - amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.
- Committed fund balance - amounts constrained to specific purposes by the City itself, using its highest level of decision-making authority (i.e., City Commission). To be reported as committed, amounts cannot be used for any other purpose unless the City takes the same highest level action to remove or change the constraint.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2016

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

- Assigned fund balance - amounts the City intends to use for a specific purpose, but do not meet the definition of restricted or committed fund balance. Amounts may be assigned by the Director of Finance and Support Services under the authorization of the City Commission via a municipal order.
- Unassigned fund balance - amounts that are available for any purpose. Positive amounts are reported only in the general fund.

The City Commission establishes (and modifies or rescinds) fund balance commitments by passage of an ordinance. Under City policy, assigned fund balance is established by City Commission through adoption or amendment of the budget as intended for specific purpose (such as the purchase of capital assets, construction, debt service, or for other purposes). All budget appropriations created by passage of ordinance, lapse at fiscal year-end.

The City would typically use restricted fund balances first, followed by Committed resources, and then Assigned resources, as appropriate opportunities arise, but reserves the right to selectively spend Unassigned resources first to defer the use of these other classified funds.

In the General Fund, the City strives to maintain an unassigned fund balance to be used for unanticipated emergencies of approximately 15% of the actual GAAP (Generally Accepted Accounting Principles) basis expenditures and other financing sources and uses.

Interfund Activity

Transfers between governmental and business-type activities on the government-wide financial statements are reported in the same manner as general revenues.

Exchange transactions between funds are reported as revenues in the seller funds and as expenditures/expenses in the purchaser funds. Flows of cash or goods from one fund to another without a requirement for repayment are reported as interfund transfers. Interfund transfers are reported as other financing sources/uses in governmental funds and after non-operating revenues/expenses in proprietary funds. Repayments from funds responsible for particular expenditures/expenses to the funds that initially paid for them are not presented on the financial statements.

Extraordinary and Special Items

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of City administration and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year ended June 30, 2016.

Estimates

Preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, CONTINUED

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all governmental funds, except for the Capital Projects Funds and the Debt Service Fund, because effective budgetary control is alternately achieved through project budgets, bond indenture provisions, and City ordinances, respectively.

Budgets for the General and Special Revenue Funds are adopted on the modified accrual basis. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the use of resources are reflected in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund and Special Revenue Funds for which annual budgets have been adopted.

Encumbrance accounting is employed in governmental funds. Encumbrances (e.g., purchase orders, contracts) do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

NOTE 2 - PROPERTY TAXES

Property taxes attach as a lien on property as of January 1st each year. Property values are assessed on January 1st of each year. These taxes are levied annually by ordinance, usually in September, and are payable in one installment on, or before, November 1st. The tax rate and assessed valuation, a County government function, are not known until September of the year. The City bills and collects its own property taxes as well as the taxes for the Owensboro Board of Education. Collections of the school taxes are remitted to the Board each month based upon collections in the previous month.

The City is permitted by Section 157 of the Constitution of Kentucky to levy taxes up to \$1.50 per \$100 of assessed valuation for general governmental services other than school purposes. The real property tax rate to finance general governmental services other than school purposes for the year ended June 30, 2016, was \$.2593 per \$100 on the assessed valuation of \$2,926,051,571. Although this tax margin would indicate significantly higher potential tax revenues, the City is subject to a recall petition if it levies a tax rate that will produce revenue 4% greater, exclusive of revenue from net assessment growth, than would be produced by application of the tax rate that was levied in the preceding year to the preceding year's assessment. The effect of this legislation has been to limit increases in property tax revenues to minimal levels. The City's personal property and vehicle tax rates were \$.2631 and \$.3030 per \$100 of assessed value, respectively.

NOTE 3 - DEPOSITS AND INVESTMENTS

The City sponsors an external investment pool in which monies of the primary government and of legally separate entities that choose to participate are commingled and invested for the benefit of all participants. The internal portion of this fund is allocated to the City's funds participating and the external portion is accounted for in the Investment Trust Fund of the City's reporting entity. The equity position of each City fund is reported at fair value in the assets of those funds with the equity position of the external participants reflected at fair value in the Investment Trust Fund. The pool is not registered with the SEC as an investment company and is not subject to regulatory oversight. Investments are valued at the market quotation on the last business day of the fiscal year. Market quotations are obtained from brokers or available published services. Investment income is allocated to participants based on the participant's average cash balance. Immaterial accounts do not receive investment income.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements

NOTE 3 - DEPOSITS AND INVESTMENTS, CONTINUED

Participants with negative cash balances are not charged interest. Participants' shares sold and redeemed are determined using specific identification of the participant's cost basis in the investment pool. The City does not issue a separate report for the pool.

The City has neither provided nor obtained any legally binding guarantees during the period to support the value of shares. The pool includes no involuntary participants. The investments held by the pool at June 30, 2016, consist of the following major investment classifications:

Interest Rate Risk

The City does not have a formal policy for interest rate risk. However, to limit exposure to fair value losses resulting from an increase in interest rates, the City manages term to maturity for its investments.

Credit Risk

The City's investment policy limits investments to obligations of the U.S., its agencies and instrumentalities, obligations backed by the full faith and credit of the U.S. or a U.S. government agency, obligations of any corporation of the U.S. government, certificates of deposit issued by FDIC insured or similarly collateralized institutions, and bonds and securities of states, local governments, or related agencies in the U.S. rated in one of the three highest categories by a nationally recognized rating agency.

With the exception of fully insured or fully collateralized investments, authorized investment pools, no more than twenty-five percent of the City's total investment portfolio shall be invested in a single security type or with a single financial institution. Unless matched to a specific cash flow need, no more than fifty percent of the funds shall be invested in securities maturing more than ten years from the date of purchase.

Custodial Credit Risk

For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments that are in the possession of an outside party. All of the City's investments in government instrumentalities were purchased by the City and held by the counterparty on the City's behalf; therefore, these investments are not subject to custodial credit risk. The City's investments in government obligations were rated AA+ by Standard & Poor's Ratings Services, and Aaa by Moody's Investor Services, Inc. It is the City's policy that all cash and investments maintained in any financial institution named as a depository be collateralized. In order to anticipate market changes and provide a level of security for all funds, the collateralization level shall be 110% of the market value of principal, plus accrued interest. Collateral shall always be held by an independent third-party custodian with whom the City has a current custodial agreement.

The notes payable were issued to provide funds for 1) the acquisition of the Airport property and improvements thereto, 2) improvements at Hillcrest Golf Course and Morris Park, and 3) symphony building renovations. The Airport bonds are secured by the acquired Airport property and are subject to optional redemption.

The City obtains loans and issues general obligation bonds primarily to provide funds for the acquisition and construction of various public projects in the City, except as follows: (1) proceeds from the Series 2003A General Obligation Bonds were used to fund past service cost for the County Employees Retirement System and (2) proceeds from the Series 2006 General Obligation Bonds were used to reduce the unfunded accrued actuarial liability in the Police and Firefighters' Retirement Fund. General Obligation Bonds are direct obligations and are secured by the full faith and credit of the government. Certain of the issues are subject to optional redemption prior to maturity.

NOTE 6 - LONG-TERM DEBT, CONTINUED

In prior years, the City defeased certain general obligation and other bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the City's financial statements.

On April 30, 2014, the City issued General Obligation Refunding Bonds Series 2014 in the amount of \$4,465,000 to refund the Series 2009 Taxable Build America Bonds, and to pay costs associated with the issue of the bonds. The interest rates on the Series 2014 bonds range from 2.00% to 3.25% and the bonds mature on April 1, 2030. Debt service payments ranges from \$327,886 to \$386,175. The economic gain on this refunding was \$226,423. The refunding resulted in a cash savings to the City of \$285,858.

On June 3, 2016, the City issued \$2,320,000 in general obligation bonds for the purpose of refunding the Series 2006 bonds. The interest rate on the bonds ranges from 2.00% to 5.00% over the term of the obligation with a final maturity due March 1, 2026. Debt service payments are scheduled semi-annually at amounts that range from \$267,750 to \$278,000. The difference in cash flow requirements to service the old debt of \$2,982,413 and the cash flows to service the new debt of \$2,742,807 is \$239,605. This refunding will reduce overall debt service payments by \$239,605 over the term of the debt.

On June 3, 2016, the City issued \$1,965,000 in general obligation bonds for the purpose of refunding the Series 2008 bonds. The interest rate on the bonds ranges from 2.00% to 3.00% over the term of the obligation with a final maturity due January 1, 2029. Debt service payments are scheduled semi-annually at amounts that range from \$30,250 to \$192,931. The difference in cash flow requirements to service the old debt of \$2,465,075 and the cash flows to service the new debt of \$2,304,216 is \$160,859. This refunding will reduce overall debt service payments by \$160,859 over the term of the debt.

Annual debt service requirements for governmental and business-type long-term debt (excluding compensated absences) are as follows:

The scheduled principal maturities include \$8,181,208 of interest scheduled to be incurred in future years on deferred interest bonds, which will be compounded and added to the original principal amounts.

The Electric System is subject to certain debt covenants, compliance with which is required by ordinances authorizing its bond issues. Such ordinances require revenue to be first applied to the Sinking Fund, second to Operation and Maintenance Fund, third to the Additions and Replacements Fund, fourth to the Depreciation Fund, fifth to the Reserve and Contingency Fund, and finally to the Facilities Charge Fund.

On December 6, 1991, the City issued \$62,474,359 of Electric Light and Power System Revenue Bonds, 1991-B series. These deferred interest bonds bear interest at rates ranging from 6.7% to 6.95% which, when compounded semi-annually and added to the original principal amount, will result in compounded amounts at scheduled maturities in 2005 to 2020 of \$25,000 per bond.

The 1991-B Bonds were issued to provide construction funds for certain pollution control facilities and equipment, solid waste disposal facilities and equipment, and related purposes. The 1991-B series is not subject to redemption prior to maturity.

On February 27, 2002, the City issued \$34,905,000 of Electric Light and Power System Revenue Bonds, Taxable 2002-A Series and \$12,205,000 of Electric Light and Power System Revenue Bonds, Tax-Exempt 2002-B Series, each dated February 1, 2002. The 2002-A and B Bonds were issued to provide construction funds for certain pollution control facilities and equipment.

The 2002-A series is subject to scheduled redemption prior to maturity based upon annual pro rata sinking fund redemptions. In addition, the 2002-A series is subject to early redemption, in whole or in part, at any time, at terms specified in the 2002 Official Statement. Certain 2002-B series bonds totaling \$3,230,000 due January 1, 2020, are subject to scheduled redemption beginning in 2018 based upon annual pro rata sinking fund redemptions. The 2002-B series is also subject to early redemption in whole or in part on any date on or after January 1, 2009, at redemption prices (expressed as a percentage or principal amount) of 101% for 2009, 100 1/2% for 2010, and 100% thereafter, plus accrued interest to redemption date.

NOTE 6 - LONG-TERM DEBT, CONTINUED

On November 18, 2010, the City issued \$10,070,000 of Electric Light and Power System Revenue Bonds, Taxable 2010-A Series, \$31,425,000 of Electric Light and Power System Revenue Bonds, Taxable 2010-B Series (Build America Bonds) and \$8,935,000 of Electric Light and Power System Refunding Revenue Bonds, Tax-Exempt 2010-C Series, each dated November 4, 2010. The 2010 Bonds were issued to fund various capital improvement expenditures for the Electric System and to refund the 2002-B series bonds. The in-substance defeasance of the 2002-B Bonds was accomplished by placing approximately \$9,275,976 in proceeds from the 2010-C Bonds and \$170,826 in funds from the 2002-B Bond Sinking Fund in an irrevocable escrow fund to be used solely for satisfying scheduled debt service payments of the 2002-B Bonds. Accordingly, the 2002-B Bonds in the amount of \$9,230,000, net of unamortized discount and issuance costs of \$123,543 and accrued interest payable of \$164,248, were extinguished resulting in the accounting recognition of a loss from defeasance of \$175,097, reported in the accompanying financial statements as a reduction of long-term debt. The City advance refunded the 2002-B bonds to extend the repayment period of the bond, reduce its near term annual debt payments and reduce the effective rate on the debt. The advance refunding resulted in an economic gain (difference between the present value of the debt service payment on the old and new debt) of \$558,382.

The 2010-B Series bonds (Build America Bonds-Direct Payment) were issued in connection with the American Recovery and Reinvestment Act of 2009 (Act). Under the Act, state and local governments were authorized to issue taxable bonds to finance capital expenditures for which they could otherwise issue tax-exempt bonds, and receive from the IRS a direct interest subsidy totaling 35% of the total coupon interest paid to investors. Interest subsidy received for fiscal year 2016 was \$539,243. Remaining interest subsidies scheduled through maturity of the bonds, before budget sequestration reductions, are as follows:

<u>Year Ending May 31:</u>	
2017	\$ 578,846
2018	578,846
2019	578,846
2020	578,846
2021	578,846
2022 - 2026	<u>1,371,848</u>
	<u><u>\$ 4,266,078</u></u>

The 2010-A, B and C series are subject to redemption prior to maturity, in whole or in part, on any date on or after January 1, 2020, at the redemption price (expressed as a percentage of principal amount to be redeemed) of 100%, plus accrued interest to the redemption date. Furthermore, the 2010-B series (Build America Bonds) may be subject to redemption prior to maturity in whole or in part upon the occurrence of an Extraordinary Event, as defined in the Official Statement. As discussed above, Build America Bonds involve a payment of the issuer from the United States Treasury for a portion of the interest payable on such bonds. If the associated payment from the United States Treasury is reduced or eliminated through no fault of the issuer (Extraordinary Event), the bonds will become redeemable, at the option of the issuer, at a potentially reduced redemption price, as defined in the Official Statement.

NOTE 6 - LONG-TERM DEBT, CONTINUED

On June 25, 2013, the City issued \$8,875,000 of Electric Light and Power System Revenue Bonds, Taxable Bonds, Taxable 2013-A Series, and \$77,100,000 of Electric Light Power System Revenue Bonds, Tax-Exempt 2013-B Series, each dated June 25, 2013. The 2013 Bonds were issued to fund various capital improvement expenditures for the Electric System and to refund certain 1991-B series bonds. The in-substance defeasance of the 1991-B Bonds was accomplished by placing \$40,325,905 in proceeds from the 2013-B Bonds and \$6,552,083 in funds from the 1991-B Bond Sinking Fund in an irrevocable escrow fund to be used solely for satisfying scheduled debt service payments of the 1991-B Bonds. Accordingly, the 1991-B Bonds in the amount of \$42,597,295, net of unamortized discount and issuance costs of \$211,974, were extinguished, resulting in the accounting recognition of a loss from defeasance of \$4,492,667, reported in the accompanying financial statements as a deferred outflow. The City advance refunded the 1991-B bonds to extend the repayment period of the bond and reduce its near term annual debt payments. The advance refunding resulted in an economic loss (difference between the present value of the debt service payment on the old and new debt) of \$2,993,589.

The 2013-A and B series are subject to redemption prior to maturity in whole or in part on any date on or after January 1, 2020, at the redemption price (expressed as a percentage of principal amount to be redeemed) of 100%, plus accrued interest to the redemption date.

All bonds are secured by a pledge of, and are payable from the gross revenues derived from, the operation of the Electric System and are secured by a statutory mortgage lien as provided and authorized by the Kentucky Revised Statutes.

The Water System is subject to certain debt covenants, compliance with which is required by the ordinances authorizing its bond issues. Such ordinances require revenue to be first applied to the Sinking Fund, next to the Operations and Maintenance Fund and finally to the Renewal and Replacement Fund.

On February 5, 2009, the City issued \$19,160,000 of Water Revenue Refunding and Improvement Bonds, Series 2009. The 2009 Bonds were issued to refund a portion of the 1999 series bonds, to fund various capital improvement expenditures for the Water System and to fully fund the Bond Reserve Account. The in-substance defeasance of the 1999 Bonds was accomplished by placing approximately \$11,803,854 in proceeds from the 2009 Bonds and \$591,666 in funds from the 1999 Bond Sinking Fund in an irrevocable escrow fund to be used solely for satisfying scheduled debt service payments of the 1999 Bonds. Accordingly, 1999 Bonds in the amount of \$12,120,000, net of unamortized discount and issuance costs of \$181,145 and accrued interest payable of \$214,591, were extinguished, resulting in the accounting recognition of a loss from defeasance of \$242,074, reported in the accompanying financial statements as a reduction of long-term debt. The City advance refunded the 1999 bonds to extend the repayment period of the bonds and reduce its near-term annual debt payments. The advance refunding resulted in an economic loss (difference between the present value of debt service payment on the old and new debt) of \$476,174.

NOTE 6 - LONG-TERM DEBT, CONTINUED

The Series 2009 Bonds, maturing on and after September 15, 2019, are subject to redemption prior to maturity, in whole or in part, on September 15, 2018, and on any date thereafter, at the redemption price of 100% of the principal amount redeemed, plus accrued interest to the redemption date.

On June 12, 2014, the City issued \$9,730,000 of Water Revenue and improvement Bonds, Series 2014, dated July 31, 2014. The 2014 Bonds were issued to refund all 1999 and 2003 series bonds due after September 15, 2014, and to fund various capital improvement expenditures for the Water System. The in-substance defeasance of the 1999 and 2003 Bonds was accomplished by placing \$3,835,802 in proceeds from the 2014 Bonds and \$40,700 in funds from the 1999 and 2003 Bonds sinking funds in an irrevocable escrow fund to be used solely for satisfying scheduled debt service payments of the 1999 and 2003 Bonds. Accordingly, 1999 and 2003 Bonds in the amount of \$1,305,000 and \$2,510,000, respectively, net of unamortized discount and issuance costs of \$60,176 and accrued interest payable of \$47,483, were extinguished resulting in the accounting recognition of a loss from defeasance of \$74,195, reported in the accompanying financial statements as a deferred outflow of resources. The City advance refunded the 1999 and 2003 bonds to reduce the effective rate on the debt. The advance refunding resulted in an economic gain (difference between the present value of the debt service payment on the old and new debt) of \$252,617.

The Series 2014 Bonds maturing on and after September 15, 2023, are subject to redemption prior to maturity in whole or in part on September 15, 2022, and on any date thereafter, at the redemption price of 100% of the principal amount redeemed, plus accrued interest to the redemption date.

On December 16, 2015, the City issued \$5,385,000 of Water Revenue Improvement Bonds, Series 2015, dated December 1, 2015. The 2015 Bonds were issued to provide funds for the various capital improvement expenditures for the Water System and to fully fund the Bond Reserve Account. The Series 2015 Bond maturing on and after September 15, 2024, are subject to redemption in whole or in part on September 15, 2023, and on any date thereafter, at the redemption price of 100% of the principal amount redeemed, plus accrued interest to the redemption date.

All bonds are secured by a pledge of, and are payable from the gross revenues derived from, the operation of the Water System and are secured by the statutory mortgage lien as provided and authorized by the Kentucky Revised Statutes.

The difference between the reacquisition price and the net carrying amount of defeased bond issues has been deferred and is being amortized using the straight-line method over the lives of the refunding bond issues.

In 2002, the Authority entered into a \$10,175,000 Lease Agreement with Kentucky League of Cities Funding Trust (variable rate lease obligation) to construct warehouse and storage facilities. Under the agreement, the Authority is obligated to make lease rental payments equal to the base rentals identified in the agreement, which include principal, interest, and administrative fees. The interest rate is a market driven variable rate approximating the Bond Market Association (BMA) Municipal Swap Index. The Authority has an option to prepay in full its lease rental payments under the lease at which time the lessor would transfer and convey the project to the Authority. Under the agreement, the Authority agrees to maintain net revenues not less than one and ten one hundredths (1.10) times the maximum annual debt service requirements of the leases.

In 2010, the Authority entered into an operating lease for certain property on which a new tank farm was to be constructed by the lessee. In 2011, the operating lease was modified, and the new tank farm constructed was transferred to the Authority. The Authority recorded the tank farm addition as property under operating leases at fair value or lessee's cost of \$3,337,752 and recorded an obligation under operating leases for the present value of the advanced lease payments in the amount of \$2,945,019 and the deferred gain in the amount of \$392,733, which is being amortized over the life of the lease of 15 years.

In 2014, the Authority entered into an operating lease with a local financial institution pursuant to KRS 65.940 through 65.956 "the Governmental Leasing Act" to seek financing in relation to the construction of a new river dock. Base rental payments of \$47,705 are due monthly. The interest rate is a fixed rate at 2.75% per annum. The final maturity date of this obligation is February 14, 2024. The Authority has the right to purchase the project on any purchase price date by paying to the lessor the lease payment with the purchase price. Additionally, revenues of the Authority have also been pledged for the repayment of the obligation.

NOTE 7 - CITY FUNDED RETIREMENT PLANS

The City of Owensboro maintains two pension plans which are funded and administered by the City: the City Employees' Pension Fund (CEPF) and the Police and Firefighters' Retirement Fund (PFRF). The City also participates in the state-wide County Employees' Retirement System (CERS).

Plan Descriptions:

City Employees' Pension Fund (CEPF)

Participants of the CEPF were full-time Civil Service employees of the City (except for police and firefighters) and OMU as of October 6, 1986, who elected to remain in the CEPF rather than enter the CERS. Employees hired after October 6, 1986, are required to participate in the CERS. No active employees remain in the CEPF. A single-employer, defined-benefit plan, the CEPF was created by ordinance on August 13, 1946, under KRS 90.310-90.410. Benefit provisions and contribution requirements are established under these authorities. A board of trustees consisting of the Mayor, two commissioners, and four employees administers the plan.

Police and Firefighters' Retirement Fund (PFRF)

Participants of the PFRF were full-time City police and firefighters as of August 1, 1988, who elected to remain in the PFRF rather than enter the CERS. Employees hired after August 1, 1988, are required to participate in the CERS. No active employees remain in the PFRF. A single-employer, defined-benefit plan, the PFRF was created by ordinance on March 26, 1928, under KRS 95.851-95.991. Benefit provisions and contribution requirements are established under these authorities. A board of trustees consisting of the Mayor, the Finance Director, one retired police officer, and one retired firefighter administers the plan.

NOTE 7 - CITY FUNDED RETIREMENT PLANS

The CEPF and PFRF issue publicly available financial reports that include financial statements and required supplementary information. These financial reports may be obtained from the City's Finance Director, City Hall, Owensboro, Kentucky 42303.

Benefits Provided:

CEPF provides retirement, disability, and death benefits to plan members. Employees attaining the age of 60 and who have completed 20 or more continuous years of service are entitled to monthly benefits of 50% of their average monthly earnings for the last ten years of employment. Retirement at age 70 is mandatory unless waived by the City. As of June 30, 2016, the plan had thirty-one members, none of whom were active City or OMU employees. The plan is closed to new entrants.

PFRF provides retirement, disability, and death benefits to plan members. Employees attaining the age of 50 and who have completed 20 or more years of continuous service are entitled to annual benefits of 2.5% of their average monthly earnings for each year of service up to a maximum of 75% of average monthly earnings. Early retirement at the completion of 20 years of service is permitted. As of June 30, 2016, the plan had forty-four members, none of whom were active City employees. The plan is closed to new entrants.

Contributions:

The City's and OMU's funding policy for CEPF is to provide for periodic employer contributions for active employees at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The required contributions are determined using an entry age normal cost actuarial funding method. The plan has no active employees. The City and OMU made no contributions to the plan for the fiscal year ended June 30, 2016.

The City's funding policy for PFRF is to provide for periodic employer contributions for active employees at actuarially determined rates that, expressed as percentages of annual covered payroll, are designed to accumulate sufficient assets to pay benefits when due. The required contributions are determined using an entry age normal cost actuarial funding method. The plan has no active employees. The City made no contributions to the plan for the fiscal year ended June 30, 2016.

NET PENSION LIABILITY/ASSET

The CEPF had a net pension asset of \$903,033 as of June 30, 2016, and the total pension liability used to calculate the net pension asset was determined by an actuarial valuation as of that date.

The PFRF net pension liability was \$5,542,620 as of June 30, 2016, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2016

NOTE 7 - CITY FUNDED RETIREMENT PLANS

Actuarial Assumptions:

The total pension liability (asset) was determined by an actuarial valuation performed as of June 30, 2016, using the following actuarial assumptions, applied to all periods included in the measurement:

	<u>CEPF</u>	<u>PFRF</u>
Inflation rate	None	None
Investment rate of return	6.00%	5.00%

Mortality rates were based on the PR-2000 Healthy Mortality Table projected to 2016 without collar adjustment (separate tables for Male and Female lives). This assumption has been updated from that used in the 2013 valuation.

The actuarial assumptions used in the June 30, 2016 valuation were based on the results of an actuarial experience study used in the June 30, 2016 valuation.

The long-term expected rate of return on pension plan investments was determined using a best estimate range of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) based on the nature of investments in the plan's mutual funds. Best estimates of arithmetic real rates of returns was 6.00% for CEPF and 5.00% for PFRF.

Discount Rate:

The discount rate used to measure the total pension liability (asset) was 6% for the CEPF. The projection of cash flows used to determine the discount rate was based on plan income. Based on those assumptions, the plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The discount rate used to measure the total pension liability was 5% for the PFRF. The projection of cash flows used to determine the discount rate was based on plan income. Based on those assumptions, the plan's fiduciary net position is not sufficient to make all projected future benefit payments of current plan members and additional funding will be necessary in order to have sufficient assets to cover all projected benefit payments. The expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

NOTE 8 - CERS RETIREMENT PLANS

General Information about the Pension Plans

Plan description: Substantially all of the City's full-time employees, as well as employees of Owensboro Municipal Utilities and Owensboro Riverport Authority, participate in the County Employees' Retirement System (CERS), a multi-employer, cost sharing, defined benefit plan administered by the Board of Trustees of Kentucky Retirement Systems. Kentucky Retirement Systems issues a publicly available financial report that includes financial statements and supplementary information for CERS. That report can be obtained at <https://kyret.ky.gov>.

Benefits provided: CERS provides retirement, disability, and death benefits to plan members. Retirement benefits may be extended to beneficiaries of plan members under certain circumstances. Cost-of-living adjustments (COLA) are provided at the discretion of the State legislature. Kentucky Revised Statute 61.645 assigns the authority to establish and amend benefit provisions to the Kentucky Retirement Systems Board of Trustees.

Contributions: Plan members participating in CERS on or before August 31, 2008, are required to contribute 5% or 8% of the annual creditable compensation for non-hazardous and hazardous employees, respectively. For plan members who began participating in CERS on or after September 1, 2008, these contribution rate are 6% and 9%, respectively. The City is required to contribute at an actuarially determined rate. As of June 30, 2016, the required contribution rate was 12.42% of annual covered payroll for non-hazardous employees and 20.26% for hazardous employees. The contribution requirements of plan members, the City, and component units are established and may be amended by the Kentucky Retirement Systems Board of Trustees. The City's contributions to CERS were \$1,313,541 for non-hazardous employees and \$1,976,550 for hazardous employees, for total contributions of \$3,290,091 for the year ended June 30, 2016.

Pension Liabilities, Pension Expense, and Deferred Inflows of Resources Related to Pensions

At June 30, 2016, the City reported a liability of \$47,156,008 for its proportionate share of the net pension liability, with \$18,394,299 for non-hazardous pensions and \$28,761,709 for hazardous pensions. The net pension liability was measured as of June 30, 2015, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The City's proportion of the net pension liability was based on a projection of the City's long-term share of contributions to the pension plan relative to the projected contributions of all participating employers, actuarially determined. At June 30, 2015, the City's proportion was 0.427822% for non-hazardous pensions and 1.873598% for hazardous pensions.

The following is a summary of the City's CERS net pension liability:

	Net Pension Liability

NOTE 8 - CERS RETIREMENT PLANS

For the year ended June 30, 2016, the City recognized pension expense of \$4,749,698, which consists of \$1,995,459 for hazardous pensions and \$2,754,239 for non-hazardous pensions. Owensboro Municipal Utilities recognized non-hazardous pension expense of \$3,122,055 for the Electric Light and Power System and \$515,220 for the Water Works System. Owensboro Riverport Authority recognized non-hazardous pension expense of \$502,023.

At June 30, 2016, the City reported deferred inflows and outflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ 777,551	\$ -
Changes of assumptions	4,340,345	-
Net difference between projected and actual investment earnings on pension plan investments	345,512	-

Actuarial assumptions: The total pension liability in the June 30, 2015 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Inflation	3.25%
Salary increases	4.0%, average, including inflation
Investment rate of return	7.50%, net of pension plan expense, including inflation

The mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement. There is some margin in the current mortality tables for possible future improvement in mortality rates and that margin will be reviewed again when the next experience investigation is conducted.

The actuarial assumptions used in the June 30, 2015 valuation were based on the results of an actuarial experience study for the period July 1, 2008 - June 30, 2013.

The long-term expected return on plan assets is reviewed as part of the regular experience studies prepared every five years for Kentucky Retirement Systems. The most recent analysis, performed for the period covering fiscal years 2008 through 2013, is outlined in a report dated April 30, 2014. Several factors are considered in evaluating the long-term historical data, estimates inherent in current market data, and a log-normal distribution analysis in which best-estimate ranges of expected future real rates of return (expected return, net of investment expense and inflation) were developed by the investment consultant for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and then adding expected inflation. The capital market assumptions developed by the investment consultant are intended for use over a 10-year horizon and may not be useful in setting the long-term rate of return for funding pension plans which covers a longer timeframe. The assumption is intended to be a long term assumption and is not expected to change absent a significant change in the asset allocation, a change in the inflation assumption, or a fundamental change in the market that alters expected returns in future years.

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Combined Equity	44%	5.4%
Combined Fixed Income	19%	1.5%
Real Return (Diversified Inflation Strategies)	10%	3.5%
Real Estate	5%	4.5%
Absolute Return (Diversified Hedge Funds)	10%	4.25%
Private Equity	10%	8.5%
Cash Equivalent	2%	-0.25%
Total	100%

Discount rate: The projection of cash flows used to determine the discount rate assumed that local employers would contribute the actuarially determined contribution rate of projected compensation over the remaining 28 year amortization period of the unfunded actuarial accrued liability. The discount rate determination does not use a municipal bond rate. Projected future benefit payments for all current plan members were projected through 2117.

Sensitivity of the City's proportionate share of the net pension liability to changes in the discount rate: The following presents the City's proportionate share of the net pension liability calculated using the discount rate of 7.5%, as well as what the City's proportionate share of the net pension liability would be if it were calculated using a discount rate the is one percentage point lower (6.5%) or one percentage point higher (8.5%) than the current rate:

City's proportionate share of the net pension liability as of June 30, 2016	1% Decrease (6.5%)	Current Discount Rate (7.5%)	1% Increase (8.5%)
Non-Hazardous	\$ 23,482,606	\$ 18,394,299	\$ 14,036,613
Hazardous	\$ 36,815,952	\$ 28,761,709	\$ 22,088,574

Postemployment Healthcare Benefits

Plan description: In addition to the pension benefits described above, Kentucky Retirement Systems provides postemployment healthcare benefits through the Kentucky Retirement Systems Insurance Fund (Insurance Fund). The Insurance Fund was established to provide hospital and medical insurance for those receiving benefits the Kentucky Employees Retirement System (KERS), the County Employees Retirement System (CERS), and the State Police Retirement System (SPRS). The Insurance Fund pays a prescribed contribution for whole or partial payment of required premiums to purchase hospital and medical insurance. For the fiscal year ended June 30, 2015 (the date of the latest available information), insurance premiums withheld from benefit payments for these benefits from CERS were \$22.6 million and \$1.7 million for non-hazardous and hazardous employees, respectively. For the fiscal year ended June 30, 2014, insurance premiums withheld from benefit payments for those receiving benefits from CERS were \$24.2 million and \$1.9 million for non-hazardous and hazardous employees, respectively. The Insurance Fund pays the same proportion of hospital and medical insurance premiums for the spouse and dependents of retired hazardous employees killed in the line of duty. As of June 30, 2015, the Insurance Fund had 108,952 retirees and beneficiaries for whom benefits were available.

City of Owensboro, Kentucky
Notes to the Basic Financial Statements
For the Fiscal Year Ended June 30, 2016

NOTE 8 - CERS RETIREMENT PLANS, CONTINUED

The amount of contributions paid by the Insurance Fund is based on years of service. For employees participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are shown below:

<u>Years of Service</u>	<u>% Paid by Insurance Fund</u>
20 or more	100%
15 - 19	75%
10 - 14	50%
4 - 9	25%
Less than 4	0%

As a result of House Bill 290 (2004 Kentucky General Assembly), medical insurance benefits are calculated differently for those who began participating on or after July 1, 2003. Once employees reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003 earn \$10 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Hazardous employees whose participation began on or after July 1, 2003 earn \$15 per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. Upon death of a hazardous employee, the employee's spouse receives \$10 per month for insurance benefits for each year of the deceased employee's earned hazardous service. This dollar amount is subject to adjustment annually based on the retiree COLA, which is updated annually due to changes in the Consumer Price Index for all urban consumers. This benefit is not protected under the inviolable contract provisions of Kentucky Revised Statute 16.652, 61.692, and 78.852. The Kentucky General Assembly reserves the right to suspend or reduce this benefit if, in its judgment, the welfare of the Commonwealth so demands.

Funding policy: In prior years, the employer's required medical insurance contribution rate was being increased annually by a percentage that would result in advance-funding the medical liability on an actuarially determined basis using the entry age normal method within a 20 year period measured from 1987. In November 1992, the Board adopted a fixed percentage rate and suspended future increases under the current medical premium funding policy until the next experience study could be performed. In May 1996, the Board adopted a policy to increase the insurance contribution rate by the amount needed to achieve the target rate for full entry age normal funding within 20 years.

The City is required to contribute at an actuarially determined rate. As of June 30, 2016, 2015, and 2014, the City's required contribution rate was 4.64%, 4.92%, and 5.15%, respectively, of annual covered payroll for non-hazardous employees and 12.69%, 13.58%, and 13.93%, respectively, of annual covered payroll for hazardous employees. The contribution requirements of plan members and the City are established and may be amended by the Kentucky Retirement Systems Board of Trustees. Contributions to the Insurance Fund from the City were \$1,728,755, \$1,811,427, and \$1,866,890 for the years ended June 30, 2016, 2015, and 2014, respectively.

On August 6, 2012, the Board voted to cease self-funding of healthcare benefits for most Medicare eligible retirees. The Board elected to contract with Humana Insurance Company to provide healthcare benefits to retirees through a fully insured Medicare Advantage Plan. The Humana Medicare Advantage Plan became effective January 1, 2013.

NOTE 9 - LEASES

Primary Government

The City's leasing operations are as follows:

Lessor

Museum of Fine Art, Inc.

On May 21, 1997, the City entered into a lease agreement with the Museum of Fine Art, Inc., for a building known as the "Carnegie Building." The term of the lease is for ninety-nine years, for which the Museum will pay to the City an annual sum of \$1.

RiverPark Center, Inc.

On September 1, 2011, the City entered into a lease agreement with RiverPark Center, Inc. (RPC), for the property on which this performing arts center is situated. The term of the lease is for ninety-nine years, for which RPC will pay to the City an annual sum of \$1.

Owensboro-Daviess Co. Tennis Association, Inc.

On May 12, 2014, the City entered into a lease agreement with the Owensboro-Daviess County Tennis Association, Inc., for real property located at 2965 Bittel Road in Owensboro, Daviess County, Kentucky, on which an indoor tennis facility is located. The term of the lease is 20 years and will be automatically renewed for two additional terms of 5 years. The lessee shall pay to the City rent of \$6,059 per month for the 20-year term beginning January 1, 2015.

Future annual minimum lease payments are estimated to be as follows:

<u>Year ending June 30:</u>	<u>Amount</u>

NOTE 9 - LEASES, CONTINUED

Lessee

Centre for Business and Research

The City leases premises for its Centre for Business and Research, the purpose of which is to sub-lease incubator space for the start-up of new businesses in the City. Under the City's master lease, monthly rental payments are dependent upon the amount and type of space subleased, and subject to increases, if applicable, in the Consumer Price Index. Based on the existing subleases at June 30, 2016, the City's future annual minimum lease payments are estimated to be as follows:

<u>Year ending June 30:</u>	<u>Amount</u>
2017	\$ 84,000
2018	84,000
2019	84,000
2020	84,000
2021	84,000
2022-2026	<u>420,000</u>
	<u><u>\$ 840,000</u></u>

Because sublease agreements are generally for a period of one year, future annual minimum sublease payments to be received do not extend beyond fiscal year 2015. The City's rental expense and sub-lease income for the year ended June 30, 2016, total \$142,081 and \$76,792, respectively.

Component Units

Leasing arrangements of the City's component units are as follows:

Owensboro Riverport Authority

Lessor

The Authority's leasing operations consist principally of the leasing of the bulk storage warehouse, the grain loading facility, and the tank farm under various operating leases.

Investments in property on operating leases at June 30, 2016, are as follows:

Bulk storage warehouse	\$ 460,879
Tank farm	<u>3,337,752</u>
	3,798,631

NOTE 10 - PROJECT FINANCING

Owensboro Symphony Orchestra

In April 2005, the City issued lease revenue bonds, refinanced with Note Payable in 2011, totaling \$357,000 to renovate certain property to be leased to the Owensboro Symphony Orchestra (OSO). The City and OSO then entered into a fifteen-year lease agreement wherein OSO agreed to pay to the City, as rent for the property, amounts equal to the payments of principal and interest due on the debt. The lease is an absolute net lease under which OSO pays, in addition to rent as stated above, any and all expenses related to the leased premises. The property shall become the property of OSO in fee simple absolute and the City's interest therein shall be conveyed to OSO, without cost, upon OSO's performance of all obligations under the lease.

U.S. Bank

In fiscal years 2011 and 2013, the City issued general obligation bonds totaling \$8,365,000 and \$6,350,000, respectively, to construct certain property to be leased to U.S. Bank (Bank). The City and the Bank then entered into two twenty-year lease agreements wherein the Bank agreed to pay to the City, as rent for the property, annual payments based on square footage, which may decrease in future years depending upon the number of new jobs created. Payments of principal and interest due on the debt shall be provided by the additional occupational license taxes generated from such new jobs and the annual rental payments. The leases are absolute net leases under which the Bank pays, in addition to rent as stated above, any and all expenses related to the leased premises. Upon the earlier of the end of the term or the payoff and retirement of the bond issues, and for 90 days thereafter, the Bank has the option to purchase the properties from the City for \$1. Minimum lease payments to be received under the three aforementioned lease agreements, for which lease receivable and deferred revenue have been recorded, are as follows:

NOTE 11 - DEFERRED COMPENSATION PLANS

The City provides its employees the opportunity to participate in two Deferred Compensation Plans which comply with Section 457 of the Internal Revenue Code. One plan is administered by Nationwide Retirement Solutions, Inc. and the second is administered by Kentucky Public Employees' Deferred Compensation Authority. Participation in the plans is optional. The City remits amounts withheld from payroll to administrators of each plan. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. As of January 1, 1999, the plans were compliant with recent law changes. Accordingly, assets of the plans are held in trust under the requirements of IRC Section 457, subsection (g), for the exclusive benefit of the participants and their beneficiaries. The plans do not meet the criteria in NCGA Statement 1 for reporting as fiduciary funds.

NOTE 12 - COMPENSATED ABSENCES

Employees who retire, or whose position has been eliminated, receive payment for accumulated sick leave under one of the following options:

- 1) To receive cash payment equal to fifty (50) percent of their current salary value of accumulated sick leave,
- 2) To apply all accumulated sick leave as a credit toward years of service, included in the calculation of pension benefits, or
- 3) To elect a combination of Option 1 and Option 2

In addition, upon termination of employment (retirement or otherwise), employees are paid for accumulated vacation at their current rate of pay.

The liability for the aforementioned compensated absences is recorded as a non-current liability on the statement of net position, and benefits paid under these provisions during fiscal year 2016 totaled \$3,649,222 for governmental activities and \$486,569 for business-type activities.

NOTE 1:

Transfers are used to:

- (a) move revenues from the fund that a statute or budget requires to collect them to the fund that a statute or budget requires to expend them.
- (b) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, and
- (c) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

NOTE 2:

The General Fund transfer represents the City's support of the combined city-county dispatch operations. This activity is accounted for in a separate fund which is reported within the General Fund in the financial statements. The City and County contribute 71% and 29%, respectively, to fund the dispatch operations.

NOTE 16 - RISK MANAGEMENT

Primary Government

The City is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. Beginning in July 1994, the City established an Insurance Fund (an internal service fund) to account for and finance its uninsured risks of loss. Under this program, the Insurance Fund provides coverage for up to a maximum of \$250,000 through December 31, 2004, and \$300,000 thereafter for each workers' compensation claim, up to a maximum of \$2,000,000 per policy year; and \$100,000 for each health insurance claim per insured. The City purchases commercial insurance for claims in excess of coverage provided by the Fund and for all other risks of loss. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

All funds of the City participate in the program and make payments to the Insurance Fund based on historical cost information of the amounts needed to pay prior and current year claims. The claims liability of \$975,911 reported in the Insurance Fund at June 30, 2016, is due within one year, and is based on the requirements of Governmental Accounting Standards Board Statement No. 10, as amended by Statement No. 30, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Changes in the Fund's claims liability amount are as follows:

<u>Fiscal Year Ended June 30,</u>	<u>Beginning of Fiscal Year Liability</u>	<u>Current Year Claims & Changes in Estimates</u>	<u>Claims Payments</u>	<u>End of Fiscal Year Liability</u>
2016	\$ 975,911	\$ 4,765,452	\$ (4,872,490)	\$ 868,873
2015	\$ 793,342	\$ 6,015,643	\$ (5,833,074)	\$ 975,911
2014	\$ 908,107	\$ 4,124,061	\$ (4,238,826)	\$ 793,342

Component Units

Owensboro Municipal Utilities is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. OMU manages its risks through coverages provided by private insurance carriers for various risks of losses to which it is exposed, including directors and officers, employee dishonesty, boiler and machinery, workers' compensation, and other property risks. The boiler and machinery policy contains a deductible of \$500,000 and excludes acts of terrorism from its coverage. OMU is self-insured for group health insurance and limits its risks of loss by purchasing reinsurance coverage.

The Owensboro Riverport Authority is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omission; injuries to employees; and natural disasters. The Authority purchases commercial insurance for the risks of losses to which it is exposed.

NOTE 17 - DISTRIBUTIONS FROM COMPONENT UNITS

Transfers made to the City from component units for the year ended June 30, 2016 were:

	Riverport	OMU	Total
Dividends	\$ 575,000	\$ 6,636,243	\$ 7,211,243

	\$ 575,000	\$ 9,103,801	\$ 9,678,801

Owensboro Municipal Utilities

The City Utility Commission may withdraw and transfer to the General Fund an amount of excess cash, as determined under the terms and restrictions of Ordinance 72-63 of the City.

The Ordinance calls for the transfer to the City of a sum equal to the dollar value of services purchased by the City from the Electric Light and Power System in the fiscal year, not to exceed \$700,000 for the fiscal year ended June 30, 1985, and thereafter increasing at a compound rate of 5% per annum. Transfers to the City under this ordinance and agreement were \$8,817,687 for the year ended May 31, 2016.

The Water Works System transfers to the General Fund each year a sum equal to the dollar value of service purchased by the City from the Water Works System. Transfers to the General Fund under this ordinance were \$296,038 for the year ended May 31, 2016.

Owensboro Riverport Authority

The Authority made transfers to the General Fund in the amount of \$575,000 for the year ended June 30, 2016.

NOTE 18 - DISCLOSURE ABOUT FAIR VALUE OF FINANCIAL STATEMENTS

The carrying amount of cash and cash equivalents approximates fair value because of the short maturity of those instruments. Investments are stated at their fair value obtained from market quotations from published sources on the last business day of the fiscal year.

NOTE 19 - CONDUIT DEBT OBLIGATIONS

From time to time, the City has issued Industrial Revenue Bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the City, State, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statements.

As of June 30, 2016, there were no conduit debt obligations.

NOTE 20 - INVESTMENT IN JOINT VENTURE

The City of Owensboro and Daviess County Fiscal Court jointly maintain equity interest in the Owensboro-Daviess County Regional Airport. A Board of Directors oversees the operations of the Airport. The Board is comprised of ten members, five of which are appointed by the City Mayor and County Judge Executive for a term of four years.

The Board is primarily autonomous in its operation. The City does not exercise any control over the Board in its budgetary or financial affairs. If the Airport were to cease operation, its properties would be distributed to the City and County in direct proportion to their cumulative contributed grants. This proportion is approximately 50% each at June 30, 2016.

The City's equity interest in the Owensboro-Daviess County Regional Airport at June 30, 2016, was \$14,663,780 and is reported as an investment in joint venture in the statement of net position. Because the City's participation in the joint venture is for investment purposes, the decrease in this investment of \$153,877 for the year ended June 30, 2016, is reported as general revenue in the statement of activities.

Audited financial statements for the Airport may be obtained from the City's Finance Director.

NOTE 21 - DEFICIT FUND EQUITY

The Downtown Maintenance and Operations Fund had a deficit net position of \$(761,805) as of June 30, 2016. The fund incurred debt for startup-related expenditures. The City expects and plans to pay for the related debt service with the current cash balance and future revenues coming into the fund. If the cash balance and future revenues aren't adequate to pay the debt service, the City plans to transfer required funds from the General Fund.

NOTE 22 - COMMITMENTS AND CONTINGENCIES

Primary Government

Under the terms of other federal and state grants, periodic audits are required and certain costs may be questioned as not being appropriate expenditures under the terms of the grants. Such audits lead to reimbursement of the grant monies to the granting agencies. City management believes that disallowances, if any, will be immaterial.

On August 7, 2012, the City passed an ordinance to authorize the Mayor to enter into an agreement with the International Bluegrass Museum, Inc. (IBMM), whereby the City would provide a cash match of up to \$3,000,000 for the purpose of creating a new bluegrass venue on property owned by the City. Likewise, a similar ordinance was passed on this date to authorize the Mayor to execute an agreement with the Owensboro-Daviess County Tennis Association (ODCTA) to provide a cash match of up to \$500,000 for the purpose of erecting an indoor tennis venue, also on property owned by the City. The execution of the agreements are contingent upon approval of final designs of the venues by the City, and demonstration, to the satisfaction of the City, that IBMM and ODCTA have the funds necessary to complete the projects as approved by the City within one year and six months, respectively, of the effective date of the ordinances.

NOTE 22 - COMMITMENTS AND CONTINGENCIES, CONTINUED

Other significant commitments at June 30, 2016, include encumbrances outstanding as follows:

Major Governmental Funds:	
General Fund	\$ 118,058
Nonmajor Governmental Funds	<u>1,430</u>
	<u>\$ 119,488</u>

There are a number of pending legal actions involving the City. Management believes that the outcome of such legal actions and claims will not have a material effect on the City's financial position or results of operations.

Components Units

The OMU Electric Light and Power System has entered into contracts to purchase fuel and related products for electric generation. Although contracts have termination provisions, minimum future payments on these contracts for the year ending May 31, 2016, are estimated to be as follows:

<u>Year ending May 31</u>	
2017	49,783,915
2018	55,039,653
2019	41,098,871
2020	<u>11,932,958</u>
	<u>\$ 157,855,397</u>

OMU is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. OMU manages its risks through coverages provided by private insurance carriers for various risks of losses to which it is exposed, including directors and officers, employee dishonesty, boiler and machinery, workers' compensation, and other property risks. The boiler and machinery policy contains a deductible of \$500,000 and excludes acts of terrorism from its coverage. OMU is self-insured for group health and limits its risk of loss by purchasing reinsurance coverage.

OMU has been identified by the United States Environmental Protection Agency as one of numerous parties that may be liable for damages under federal law with respect to a superfund hazardous waste site. Through May 31, 2014, OMU has paid \$57,500, plus legal costs, related to this matter. Based upon the opinion of its outside legal counsel, management does not anticipate additional costs to be material; however, the ultimate resolution of this matter and the related financial impact on OMU, if any, cannot be determined at this time.

There are a number of other pending legal actions involving OMU. Management believes that the outcome of such legal actions and claims will not have a material effect on OMU's financial position or results of operations.

NOTE 23 - SIGNIFICANT ESTIMATES

During 2016, 535,000 square feet of streets were donated to the City. Management estimates the value of the donated streets to be \$2,687,282. Management's estimate is based on the cost to pave the streets and the fair value of land.

NOTE 24 - RESTATEMENT OF PRIOR PERIOD NET POSITION

During 2016, beginning net position was restated by \$25,868,951 as follows:

		2016
Net Position, July 1, 2015	\$	77,052,754
2014B General Obligation Bonds were issued for the Owensboro Riverport. The \$24,000,000 in bonds payable was included in the Riverport's financial statements, but was not included in the City's government-wide financial statements. The 2014B General Obligation Bonds have been included in the current year's government-wide financial statements since the City is ultimately responsible for the repayment of the bonds.		(24,000,000)
2014B General Obligation Bond premium has been included in the current year's government-wide financial statements to correct the prior year omission as mentioned above.		(47,686)
In the prior year, GASB 68 was implemented. GASB 68 records deferred outflows of resources, which are essentially retirement contributions made after the measurement date of when the pension liability is actuarially determined. \$1,819,639 of the retirement contributions recorded as deferred outflows in the prior period were actually contributions for the postemployment healthcare benefits and should have not been recorded as deferred outflows. Other		(1,626)
Net Position, July 1, 2015, as restated	\$	51,183,803

NOTE 25 - SUBSEQUENT EVENTS

Management evaluated subsequent events as of December 2, 2016, the date these financial statements were available to be issued.

International Bluegrass Music Center Construction and Lease

The City and the International Bluegrass Museum are currently working together to develop a venue to house the International Bluegrass Music Center, which will include a museum, restaurant, retail space, music performance space and ancillary functions. The City has agreed to oversee the project, provide land valued at \$2,800,000 and \$5,400,000 in cash to be used toward the design, land preparation, management, and construction of the building for a total donation of \$8,200,000. Upon final construction, the Museum will lease from the City the premises for \$1 per year for a term of 20 years unless otherwise terminated under special provisions.

Changes of assumptions: The following changes in actuarial assumptions were made for amounts reported in fiscal year 2016:

	<u>FY 2016</u>	<u>Prior Periods</u>
Inflation	3.25%	3.50%
Salary Increase	4.00%	4.50%
Investment Rate of Return	7.50%	7.75%

For amounts reported in fiscal year 2016, the mortality table used for active members is RP-2000 Combined Mortality Table projected with Scale BB to 2013 (multiplied by 50% for males and 30% for females). For healthy retired members and beneficiaries, the mortality table used is the RP-2000 Combined Mortality Table projected with Scale BB to 2013 (set back one year for females). For disabled members, the RP-2000 Combined Disabled Mortality Table projected with Scale BB to 2013 (set back four years for males) is used for the period after disability retirement.

For periods prior to fiscal year 2016, the rates of mortality for the period after service retirement are according to the 1983 Group Annuity Mortality Table for all retired members and beneficiaries as of June 30, 2006 and the 1994 Group Annuity Mortality Table for all other members. The Group Annuity Mortality Table set forward 5 years is used for the period after disability retirement.

on Budgetary Accounting and Control
For the fiscal year ended June 30, 2016

Stewardship, compliance, and accountability:

Budgets and budgetary accounting:

1. Annual budgets are adopted on a basis consistent with generally accepting accounting principles for all governmental funds, except for the Capital Projects Funds and the Debt Service Fund, because effective budgetary control is alternately achieved through project budgets, bond indenture provisions, and City ordinances, respectively.
2. Budgets for the General and Special Revenue Funds are adopted on the modified accrual basis. Encumbrance accounting, under which purchase orders, contracts, and other commitments for the use of resources are reflected in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund and Special Revenue Funds for which annual budgets have been adopted. Encumbrances outstanding at year-end are reported as reservations of fund balances since they do not constitute expenditures or liabilities because the commitments will be reappropriated and honored during the subsequent year.

Generally, the capital assets of internal service funds are included as governmental activities in the statement of net position.

CITY OF OWENSBORO GENERAL INFORMATION

The City

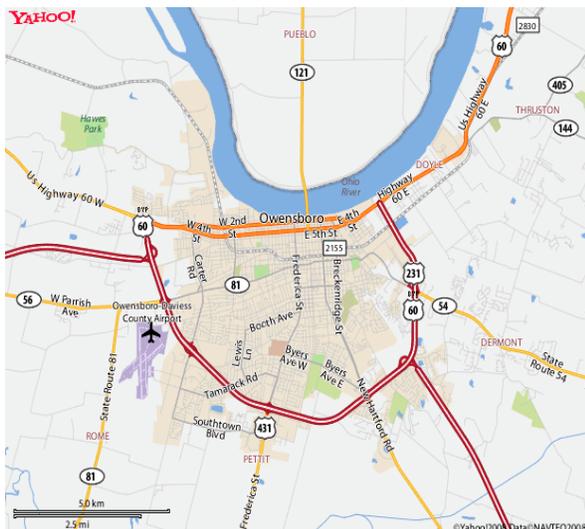

Owensboro, originally known as Yellow Banks (due to the color of the soil along the Ohio River banks), was first settled in 1797. By 1810, David Morton had opened a general store and the settlement population grew to 100 by 1815. An 1817 Act of the Kentucky Legislature incorporated the town as “Owensborough,” later shortened to “Owensboro.” The Owensboro area has grown steadily while retaining the “small town quality” of a friendly city. Owensboro ranks as Kentucky’s fourth largest city in terms of population and is the industrial and cultural capital of western Kentucky.

In 2013, Owensboro was named an All-American City (one of only ten communities selected nationwide) by the National Civic League. Forbes magazine ranked Owensboro #6 on their 2013 “Best Small Cities For Jobs” and #62 “Best Small Places for Business and Careers,” including #24 in job growth and #37 ranking for “Low Cost of Doing Business.” Other recent national recognitions include being named Kentucky’s representative on the “America’s Best Place to Raise Your Kids” 2009 list in BusinessWeek magazine and #93 on the Top 100 list of “America’s Best Places to Live” in July 2010 by Money magazine.

Location

Owensboro is the county seat of Daviess County, Kentucky. It lies on the southern banks of the Ohio River, one of the nation’s major waterways. Part of the western Kentucky coal field region, Owensboro is located 32 miles southeast of Evansville, Indiana, 123 miles north of Nashville, Tennessee, and 109 miles southwest of Louisville, Kentucky. An improved section of U.S. Highway 231 in southern Indiana and a recently expanded Owensboro bypass complete a four-lane direct link through Owensboro from Interstate 64 in Indiana to Interstate 65 in southern Kentucky.

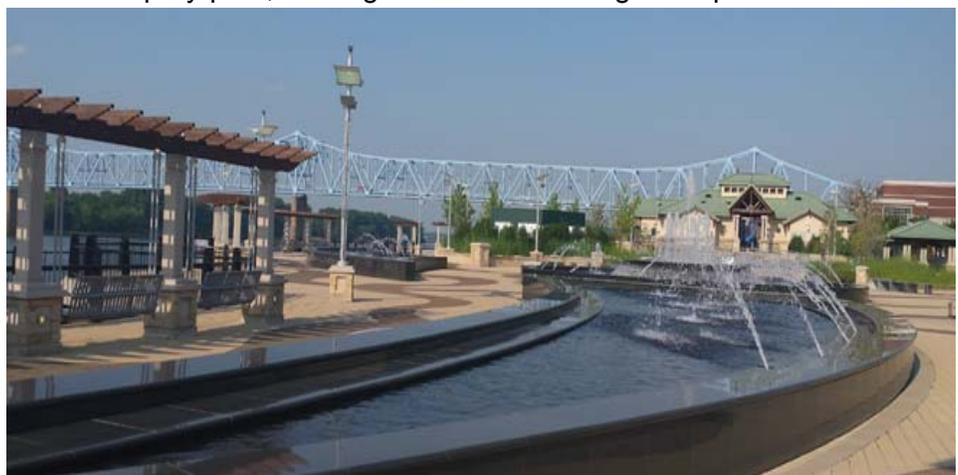

Industry and Economic Development

Owensboro has emerged as a major economic hub of western Kentucky, attracting major manufacturing processors in industries such as aluminum, automobile parts, uniforms, paper, food, and tobacco. Locally produced goods include automobile frames and parts, electronics, plastics, wire, spaghetti sauce, and various tobacco, food, and paper products. Biodiesel ethanol is locally produced from soybeans grown in the area, and Owensboro has emerged as an international leader in biotechnology research. A large and expanding mortgage processing firm and two natural gas transmission corporations also call Owensboro home.

The City is active in promoting economic development, as new developmental job growth is necessary to ensure the continued stability of the City's revenue base. Economic indicators and trends reflect stabilization in the area's economy compared to the previous year. As of June 2016, area employment over the prior twelve months averaged 42,813, a decrease of only 0.4% from the construction-fueled prior year average. The June 2016 unemployment rate was 4.8%, lower than the prior year rate of 5.2%, the State rate of 5.4% and the U.S. rate of 5.1%. The total number of Owensboro Municipal Utilities active water and electric meters was slightly higher and has been steady for several years, with much of the recent construction in the city occurring in areas served by Kenergy and the local water districts. The rate of construction of new single-family housing was down from the prior year. The value of new non-residential projects increased 55.2% from the prior year due to various new projects and additions.

An aggressive annexation policy is pursued to ensure continued growth and development for the City of Owensboro. Much of the City's long-term industrial growth potential lies in the Carter Road/Airport Corridor, anchored by the 400-acre Mid-America Airpark. The City coordinated with the Greater Owensboro Economic Development Corporation to complete Mid-America AirPark, which includes AirPark, Tamarack, and Unifirst Drives, and this is a valuable tool for attracting new industry to Owensboro. Three recently-opened buildings in the Airpark for a local expansion of a national mortgage processing company will bring their total new employment to over 800 jobs. The Owensboro-Daviess County Regional Airport in recent years has completed facility and terminal expansions valued at over \$40 million. Direct flights to the Orlando area added in the past seven years make Owensboro a hub for convenient and cost-effective transportation between Florida and the Owensboro region, and multiple daily flights between Owensboro and St. Louis serve a vital connection to cities nationwide. The overall outlook for the area's economy remains bright due to its diversification.

In August 2012, the City completed construction of a \$40 million Riverfront Development project which was funded mostly through a federal grant. The project included a river wall, a signature fountain, children's playground and spray park, and significant additional green space for Smothers Park. In 2015, this "Lazy Dayz" playground was named the #1 playground in the world by the Landscape Architects Network, one of the 10 best playgrounds in the United States by USA Today, and the 18th best playground in America by Early Childhood Education Zone.

The City is currently in the later stages of a \$99 million downtown redevelopment and revitalization project. The City has partnered with Daviess County Fiscal Court in the development and financing of this project, with the City sponsoring \$79 million of the project and the County sponsoring the remaining \$20 million. A \$48 million convention and events

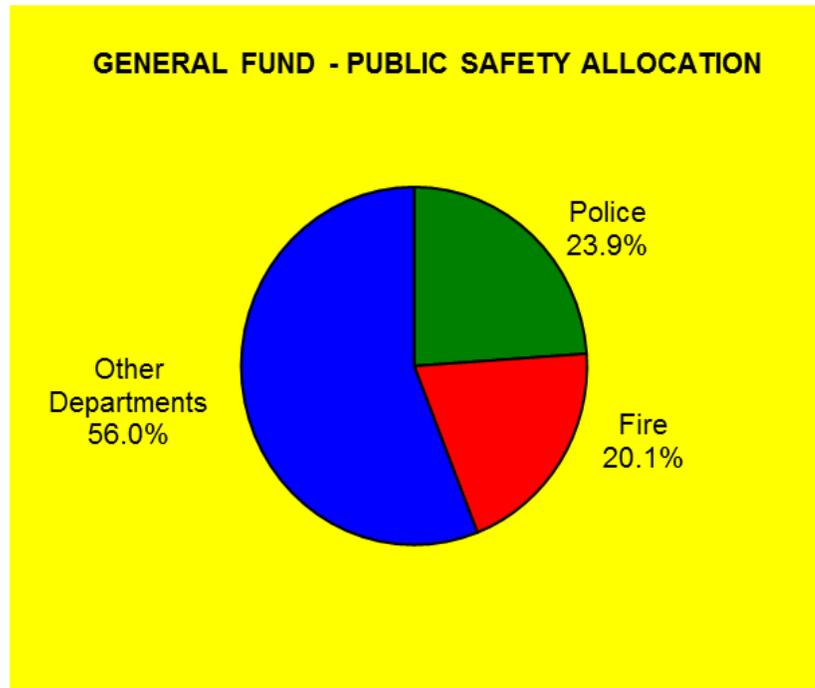

center overlooking the Ohio River opened in January 2014. It is flanked by two new privately developed hotel projects with 270 total rooms at a total cost of over \$35 million. Other new construction in the area includes a corporate headquarters and multiple residential buildings on available riverfront property, with additional property available for future development. In 2015, Southern Business & Development Magazine included Owensboro on their list of "10 Great Southern Downtowns That Are Worth a Visit."

Communications

The Owensboro Messenger-Inquirer provides daily newspaper service to the citizens of Owensboro and surrounding counties. The Owensboro area is served by many radio stations and by affiliate stations of the four major television networks (ABC, CBS, FOX, and NBC). Cable television service is provided by Time Warner. Owensboro is home to a United States Post Office, with branch offices throughout the City.

Public Safety

The City is committed to excellence from its Police (OPD) and Fire (OFD) Departments. Emergency response times average 3.30 minutes for OPD and 4.25 minutes for OFD, in accordance with the National Fire Protection and United States Insurance Service Offices recommendations. Recent consolidation to our combined City-County 911 Dispatch Center helps ensure efficient and effective Public Safety dispatch services throughout the county. Public Safety accounts for 44.0% of the General Fund expenditure budget. This chart illustrates General Fund percentages for public safety and all other departments, not including capital projects funding.

Education

Quality education is a priority for the City of Owensboro. Education facilities in the area abound, with city, county and parochial school systems providing elementary, middle and secondary school students with quality education. The average student-teacher ratio for these systems is 20-25:1.

The Owensboro Community and Technical College, an institute for higher learning, offers two-year Associate of Arts and Science degrees, several doctoral degree programs via telecommunications, and vocational education.

Brescia University and Kentucky Wesleyan College are four-year education institutions offering Bachelors of Science and Art degrees. Graduate programs are offered locally by Brescia, Western Kentucky University and Murray State University. Western Kentucky University-Owensboro offers a host of undergraduate and graduate degree programs on their newly expanded Owensboro Campus. These programs provide area residents with the opportunity to earn post-graduate degrees without leaving the city.

Owensboro is proud of The Wendell H. Ford Government Education Center located at the Area Museum of Science and History. Retired Senator Wendell H. Ford, a local resident, donated memorabilia from his long political career to the Center. The Center includes a replica of his Senate office, a rotunda, and a 70-seat "Senate chamber" used for community, school meetings and lectures. It is equipped with computer and television connections to Washington, D.C. and Frankfort, KY.

Medical Facilities

Owensboro Health (OH) serves eleven counties in Kentucky and southern Indiana. Its new \$385 million state-of-the-art hospital facility (pictured above) officially opened June 1, 2013.

OH medical services can vary greatly from one to another, but patients consistently benefit from quality care. For six years in a row (2009-2015), OH has been ranked in the top 5 percent for clinical excellence by Healthgrades, a leading healthcare rating firm, including top 2 percent for 2014. For 2013 and 2014, Healthgrades named OH Regional Hospital one of America's 100 Best Hospitals. Among many services and accomplishments, OH also leads two key initiatives for cancer research in the Owensboro region. OH is accredited as a Comprehensive Cancer Center, the highest endorsement awarded to any community hospital from the Commission on Cancer of the American College of Surgeons. This endorsement shows that OH provides the highest level of care in the diagnosis and treatment of cancer.

Recreation and Culture

The new, high-tech public library serves the community well with a collection of 197,000 books, 28,000 audio and DVD items, a digital collection of over 55,000 items, and access to 31 online databases. Owensboro Area Museum maintains community interest in the natural sciences and area history. Art lovers benefit from the Owensboro Museum of Fine Art, which now features an Atrium Sculpture Court, a restored Civil War-era mansion, a priceless collection of German stained glass windows, and the Kentucky Spirit Galleries. These institutions are recognized as among the finest in western Kentucky. The International Bluegrass Music Museum, located in downtown Owensboro, is scheduled to relocate in 2018 to the International Bluegrass Music Center, a \$15.4 million facility currently under construction along the riverfront.

Owensboro offers wide ranges of recreational and cultural activities to its citizens, who enjoy everything from fishing on nearby lakes to live performances of the Owensboro Symphony Orchestra, one of the finest in the state. Municipal parks provide areas for picnicking, family gatherings, golf, hiking, tennis, softball, football, soccer, fishing, and just plain relaxing. State-maintained Carpenter and Kingfisher lakes offer another fine arena for the fisherman. Other water sports may be enjoyed on the Ohio River. Whether walking, running or biking for fun or exercise, the City's Greenbelt offers a safe route for its residents and visitors.

Whether walking, running or biking for fun or exercise, the City's Greenbelt offers a safe route for its residents and visitors.

The City maintains two swimming pools and three sprayparks (shallow water play areas specially built for small children). Legion Park is one of our community's finest parks and includes a spraypark, basketball courts, a walking trail, two covered shelters perfect for gatherings and family reunions, and one of the city's best playgrounds. This playground was recently updated with GameTime equipment including over 80 play options and a zipline. Adult fitness equipment is located adjacent to the playground so adults can get fit while their children are playing.

As was mentioned prior, Smothers Park was greatly expanded and enhanced with additional green space, a signature fountain, and a large children's playground/sprayground complex as part of a recent Riverfront Development Project. This is connected to the new riverfront convention center area by the Mitch McConnell Plaza

and Walkway, also a recent addition. Owensboro is indebted to Senator McConnell for his loyalty and dedication to the City and its ambitious riverfront projects. The City has dedicated the plaza and walkway in his honor.

The RiverPark Center, a 100,000 square foot performing arts and civic center, boasts a 1,500 seat multi-purpose auditorium, an experimental theatre, a riverfront plaza, an open-air courtyard, and meeting/reception rooms. Each year, the RiverPark Center hosts hundreds of performance and civic events, and several times since 2008 it has hosted the International Mystery Writers' Festival, with attendees such as 2-time Oscar winner Gene Hackman, actor Josh Hucherson, and writers Stuart Kaminsky and Mary Higgins Clark, the "Queen of Suspense." Other community activities include music, theatre and art. Cultural activities play a major role in the everyday lives of Owensboro's residents. The City funds many cultural agencies in part.

Friday After 5 is a weekly series of free outdoor concerts held on the riverfront beginning at the RiverPark Center patio and continuing for over four city blocks. The festival, created by Downtown Owensboro, Inc., began in 1996 with 10 weekly Friday evening concerts. It has grown to a summer-long signature event for the tri-state area hosting more than 50,000 visitors and generally runs from May to September. The festival includes live bands, interactive events for families, entertainment and crafts each Friday after 5:00 p.m. until 10:00 p.m.

Owensboro hosts many festivals throughout the year. Each festival is unique and designed for the whole family. The largest of these is The International Bar-B-Q Festival, which is hosted on the Ohio River front in May of each year. Daviess County has over 150 years of barbecuing experience and boasts of being the Bar-B-Q Capital of the World. The Bar-B-Q Festival is packed with food, music, dance, and a variety of vendor booths.

The Fourth of July ushers in the next big Owensboro celebration. Fireworks and family fun usually start by July 3rd. Musical entertainment and a major fireworks display downtown over the Ohio River are a big part of the holiday on the Fourth, billed as the Celebration of the American Spirit.

The annual Owensboro Dragon Boat Festival premiered in 2011 with 12 teams and had 20 teams participate in August 2014. This festival takes place at English Park, taking advantage of its excellent boat ramp and boarding dock facilities. Paddling teams of 20 people race the boats in multiple heats along a 100-meter course down the Ohio River. Other festivals range from Bluegrass and Dulcimer Music Festivals in the spring to Pumpkin, Farm, and Apple Festivals each fall.

Owensboro has been awarded the designation of *Sports Illustrated* “Sportstown” as the state’s top location for community sports and recreation. As a City representative at the time was quoted in the *Sports Illustrated* article: “Sports are a huge focus here in Owensboro and we try to appeal to everyone at all stages of life — from t-ball to adult softball to activities for seniors. Our goal is to help residents have a positive, lifelong relationship with sports.” In 2016, Owensboro was recognized as a Playful City USA Community, a national recognition program honoring cities and towns for making their cities more playable; and health and recreation friendly. The City of Owensboro works to drive sports and recreation tourism, hosting events and tournaments, etc., resulting in an average of \$11-\$17 million in economic impact annually.

The Owensboro Sportscenter, a 5,000-seat, air-conditioned auditorium/arena, is home to local high school and college basketball. The City has several times hosted the NCAA Division II Men’s “March Madness” Basketball Tournament and the Kentucky 3rd Region Boys’ and Girls’ High School Basketball Tournament at this site.

Owensboro high schools participate in all major team sports offered by the Kentucky High School Athletic Association, and often at least one of these schools is in serious contention for state champion for various sports.

The Kentucky Wesleyan College basketball team has been referred to as the “UCLA of Small College Basketball.” The Panthers are a perennial powerhouse in NCAA’s small college basketball ranks and have won eight NCAA II National Tournaments.

In addition, the Owensboro Sportscenter is now home to the Kentucky Mavericks, a professional team in the Premiere Basketball League. The team moved to Owensboro from Shreveport, Louisiana in 2016. The Mavericks won back to back ABA/Pro Basketball National championships in 2010 & 2011. In 2016, they also broke the century mark by winning their 103rd straight game.

The Owensboro Softball Complex, located in Jack C. Fisher Park, has been the site of more than 30 national level softball and baseball world series' and championships since 2001. The Complex is a multiple recipient of the NSA Outstanding Park Award, and the City has received the ASA James Ferrall Award of Excellence on tournament operations multiple times since 2001. The City successfully hosted the three largest Amateur Softball Association's (ASA) National Championships in the history of the ASA: 2004 ASA Men's Class D Nationals-143 teams, 2005 ASA Girls 14 & under Class A Fast Pitch National Championship-144 teams, and 2008 ASA Girls 16 & Under Class A Fast Pitch National Championship-144 teams.

The Owensboro Parks and Recreation Department, in partnership with Owensboro Catholic High School, was awarded the honor of hosting the KHSAA Girls Fast Pitch Softball State Championship in 2004, 2005, and 2008 through 2018. Anything more than a three-year award to the same host community is unprecedented in the history of the event, and the recent extension to eleven consecutive years speaks volumes regarding the caliber of our facilities and staff. The Owensboro Catholic Lady Aces have earned five state fast-pitch softball titles since 1998.

On weeknights throughout the season, the softball complex is home to 450 youth t-ball players, 100 youth baseball players, and 1,200 adult softball players. All of the leagues are coordinated by the Owensboro Parks and Recreation Department.

All Owensboro residents (children, teens, adults, and seniors) have many recreational options, including golf, tennis, softball, volleyball, ice-skating, soccer, football, baseball, and basketball. There are also developmental and instructional programs in t-ball, soccer, cheerleading, tumbling, tennis, golf, tae-kwon do, baseball, softball, volleyball, ice-skating, swimming, and fishing. The City opened its new Edge Ice Arena in August 2009, replacing a facility that was built in 1963. Owensboro Youth Hockey Association, Inc. is open to youth ages 4-18. The Owensboro Youth Soccer League involves youth ages 6-19 during spring and fall seasons. Owensboro Youth Baseball develops young people ages 6-18 in baseball. In 2014, the City opened a new 14,000 square foot Skate Park, and in 2015, a new indoor-outdoor 15-court tennis complex was opened.

Owensboro's 2010 purchase of Ben Hawes Park from the State of Kentucky has allowed for further enhancement of recreational facilities in the area, among them miles of recently renovated mountain biking/hiking trails and a new Soap Box Derby track. The Owensboro Lions Club brought the Soap Box Derby back to Owensboro in 2001 after a 36-year absence. After hosting the event on a city street course since 2001, construction was recently completed on a new dedicated course in Ben Hawes Park. This is the result of a combined commitment of the Owensboro Lions Club, its sponsors, and the governments of the City of Owensboro and Daviess County. This Soap Box Derby track hosts several events each year.

Multi-Cultural

Owensboro Sister Cities promotes global understanding between our City and other world communities by assisting local governmental entities with proper protocol and reception of foreign dignitaries and visitors. The City and Owensboro Sisters Cities hope to promote the expansion and development of international trade. Owensboro Sisters Cities promotes two Sister City communities: Olomouc, Czech Republic, and Nisshan City, Japan. Also, a Sister Region agreement under Sister Cities International has been reached between

the Green River Area Development District (GRADD) representing a seven-county area in Western Kentucky and the Olomouc Kraj (Region), comprising thirteen counties in the Central Moravia area of the Czech Republic.

The Government

Owensboro operates under a City Manager form of government. The Board of Commissioners includes our Mayor and four Commissioners. Citizens elect the Commissioners at large on a non-partisan ballot. The Mayor is elected for a four-year term and the Commissioners for two-year terms. The Mayor and Commissioners have equal voting power. The Commission sets the policies that govern the City. It appoints citizen advisory groups that help in the decision-making process. The City Manager is appointed by the Board and is responsible for the day-to-day operations of City employees. Department managers are responsible for their various departments and report to the City Manager.
